Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2011 inmates worked 585,340 hours in the agriculture program.

For the crop year 2011 Agriculture Enterprises planted approximately 2,100 acres of vegetables, 126 acres of rice, 429 acres of corn, 560 acres of wheat and 2,900 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 528,272 dozen eggs were delivered to MDOC food services with a non-cash value of $520,560 in FY 2011.

The inventory of commodities carried over from FY 2011 had a value of $224,640. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2011.

Non-cash sales for FY 2011 vegetables and egg sales were $1,818,333. The total pounds of vegetable non-cash sales for FY 2011 was 3,093,430. Egg sales consist of 528,272 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE sold vegetables to employees to generate cash dollars of $11,517.36.

On June 30, 2011, the Agricultural Enterprises Special Fund had a balance of $604,351.89. Cash income received for Agricultural Enterprises, including deposits in transit, totaled $2,844,935.22.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was $864,394.81. During FY 2011 the feed mill produced 9 different feed rations for chicken consumption. They produced 1,888 tons at a price to livestock of $368,853.14.

The work staff includes 16 positions. At the present time 14 positions are filled and MPAE has four (4) contract employees.

Treatment Programs
Alcohol and Drug

Mission Statement: The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

Mississippi State Penitentiary

Unit 30 A-B: The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program.

Unit 31: This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for special needs (disability) offenders.

Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term program (6 months to 12 months) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for special needs (disability) male offenders.

South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi, for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders. In July 2006, a short-term (12 weeks) A&D program was implemented for CWC returnees. The CWC program has been changed to 4 weeks in duration.
