

ADDENDUM

1. Add to 3f: Copies of the Phase II or Phase III reports may be submitted electronically.
2. Add to 3g: An initial Management Summary may be produced no later than 30 calendar days after completion of work with the Technical Phase III report to be produced no later than 6 months after completion of work.
3. Page 1: Replace “Exposed profiles will be mapped and photographed as well as soil color and texture data will be recorded with a MDAH total station.” with “Exposed profiles will be mapped and photographed as well as soil color and texture data will be recorded with a MDAH approved total station.”
4. Page 1: Remove “rubber tire track-hoe” from “An approved track-hoe operator, rubber tire track-hoe only, determined by previous documented archaeology work to be submitted with proposal, will remove landslide soils and expose surfaces beneath the historic impacts and fills associated with twentieth-century restorations.” and replace it with “An approved track-hoe operator, determined by previous documented archaeology work to be submitted with proposal, will remove landslide soils and expose surfaces beneath the historic impacts and fills associated with twentieth-century restorations.”
