Division of Youth Services

The Division of Youth Services (DYS) administers the community services and institutional programs for juveniles who have been adjudicated delinquent in Mississippi Youth Courts or who are at risk of becoming delinquent. DYS provides professional counseling, probation supervision and related services to children in their home communities, as well as education, rehabilitation and treatment services to children committed to institutional care.

Mission

The mission of DYS is to provide leadership to promote change for youth, family units and communities. It operates by creating legitimate, alternative pathways to adulthood through equal access to services that are the least intrusive, culturally sensitive and consistent with the highest professional standards.

Vision

The vision of DYS is that every child experience success in caring families and nurturing communities that cherish children and teach them to value family and community. This vision is guided by the fact that decisions and actions which affect children today, determine their quality of life tomorrow.

COMMUNITY SERVICES PROGRAMS

Goals

- To ensure a balanced approach of accountability, competency development and community safety while providing quality services that address the needs of children, their families, individual victims and the community.
- To test the effectiveness of community-based programs on reducing commitments to institutional care.
- To establish multi-agency, cooperative partnerships with local communities.
- To establish uniformity in DYS services, case management practices and procedures.

Services

Probation and After-Care Services are provided to juveniles referred to the Youth Courts in all 82 counties in Mississippi. Individual, group and family counseling, intake, pre-court investigations, case management, referral and placement services are provided by Youth Services counselors.

The Interstate Commission for Juveniles [Delinquency and Child in Need of Supervision (CHINS)], along with the DYS, provides for the welfare and protection of juveniles and the public. Its purpose is accomplished through the cooperative supervision of delinquent juveniles

on probation or parole, return of runaways, absconders and escapees, return of juveniles charged as delinquent and additional measures that any two or more party states may find desirable.

The Tony Gobar Individualized Assessment and Comprehensive Community Intervention Initiative (IACCII): Established by statute in Senate Bill 2477, the Tony Gobar IACCII Program provides comprehensive strength-based services for certain youth who would otherwise be committed to institutional care. The IACCII ensures that youth and their families can access necessary services available in their home communities. DYS currently supervises one IACCII program to better serve youth with special needs. If proven successful, this program may be expanded to other areas of the state to provide appropriate treatment for eligible youth.

Adolescent Opportunity Program

The Adolescent Opportunity Program (AOP) is a community-based partnership with DYS, mental health agencies, community agencies and local multi-agency councils. The AOP provides a mechanism within communities to coordinate services, share resources and reduce the number of young offenders placed in state custody.

Goals

The program, which focuses on the family, seeks to assist local communities in coordinating and providing services to at-risk youth and their families. Its purpose is to decrease criminal activity, improve school attendance and performance and inspire adolescents to become positive, goal-oriented individuals. It is designed to provide treatment within a therapeutic setting and a safe controlled environment in which counselors teach adolescents how to develop social and interpersonal relationship skills, self-control and insight.

Services

Each program offers services primarily to non-Medicaid and non-billed Medicaid youth. These services are also available to Medicaid-eligible youth. During SFY 2012, 1,316 youth were served through the AOPs.

Within the existing programs, DYS provides the Responsible Fatherhood Program, Healthy Marriage Program, Evidence-Based Practices, Fast ForWord Cognitive Development Program and Investment in Excellence for Youth (PX2). According to social learning theory, the closer the treatment provided is to the environment in which the youth normally functions, the more effective treatment will be. To this end, the AOP strives to bring treatments closer to the youth's home environment and family.

Electronic Monitoring

Goals

The overarching goal of Electronic Monitoring and Supervision services is to offer electronic monitoring and communities based supervision for youth between the ages of thirteen (13) to seventeen (17) and are on juvenile probation and require electronic monitoring services.

Services

Electronic monitoring offers assistance with the supervision and rehabilitation of juveniles diverted from institutional care or released back into the community. Electronic

monitoring also offers different levels of monitoring to juveniles on temporary custody orders, as a condition for release from detention, continuing delinquency orders or utilized for sanctions.

INSTITUTIONAL PROGRAMS

Goals

- To provide rehabilitative services to at-risk youth and their families.
- To provide public safety to communities.
- To focus on reducing the risk of re-offending.
- To address the specific criminogenic factors causing delinquent behavior.

Oakley Youth Development Center, located in rural Hinds County, incorporates holistic, therapeutic programs to promote rehabilitation. Oakley serves boys and girls who were adjudicated as delinquent by the Youth Court, court ordered for commitment and are between the ages of 10 and 17. The psycho-educational program offered is designed to build basic concepts of self-discipline, self-worth, personal responsibility, attention to detail, a sense of urgency and respect for constituted authority.

INTAKE AND ADMISSIONS

Staff works through a diagnostic and evaluation protocol which gathers medical, dental, recreational, educational, vocational and psychological data on each student. Students receive a complete physical and full-scale psychological assessment which includes IQ testing, personality profiling, drug and alcohol abuse risk questionnaire, suicide risk assessment, achievement testing and a trauma risk assessment tool called the Trauma Symptom Checklist for Children.

MENTAL HEALTH AND REHABILITATIVE PROGRAMS

Individual and Group Therapy counseling provide Dialectical Behavior Therapy (DBT), social skills development, character education, anger management, sex education that includes information on sexually transmitted diseases and abstinence, drug and alcohol awareness, character education, sexual offender counseling and psycho-correctional skills.

The Honors Program (HP) is a voluntary program for eligible youth which combines specialized classes with work projects designed to benefit other youth at the facility and the public. The program allows youth to participate in the election process, contribute to the local community and learn to preserve the environment. Youth attend special classes, participate in the student government, which helps direct the program activities, engage in work projects both on the Oakley campus and the in local community and earn additional privileges, both on-campus and off.

ACADEMIC AND VOCATIONAL PROGRAMS

Students are placed in academic and vocational classes at Williams School on the Oakley campus according to their previous school placement and additional educational evaluation. This

enables students to continue their educational advancement during their commitment. DYS' non-public school is accredited by the Mississippi Department of Education to provide a curriculum in conformity with the DYS mission and accreditation requirements.

- Students can participate in academic and sports competitions such as Spelling Bees, U.S. History Bowls, Geography Quizzes, basketball, baseball, football, chess and golf.
- Local Area Network (LAN) Computer Labs provide remedial, job interest assessment and cognitive development, facilitated by the Fast ForWord Cognitive Development Program.
- Electronic classrooms allow students to experience "virtual" field trips and view satellite downlinks of various programs.
- Rooms are equipped as part of the STAR School Project through the Mississippi Educational Television Interactive Video Network (METIVN).
- Williams School has a licensed library/media specialist who provides instructional planning and delivery assistance to students and teachers.
- GED Preparation and Testing is offered to eligible students. Students tested have an average pass rate of 90%.
- ACT® preparation and testing is offered to students who have graduated or earned a GED.
- Vocational Technical Education funds and grants are used to provide programs such as Welding, Carpentry, Small Engine Repair, Basic Business Computer and Custodial Maintenance.
- The Mississippi Arts Commission, Community in Schools Grant Project uses licensed instructors from a nearby college to teach Creative Writing and Art classes.

DYS COMMUNITY SERVICES MONTHLY CASELOAD AVERAGE

4,847 OR 98.7% OF MONTHLY CASELOAD

Youth Court statistical data contained herein is based upon information reported to Mississippi Department of Human Services, Division of Youth Services (MDHS/DYS) by local youth courts, court staff, court clerks and county staff assigned to the local youth courts, based on information during the dates December 1, 2012 to November 30, 2012.

As with large data collection projects of this type involving thousands of cases and dozens of reporters (I.e., county intake, county counselors, school attendance officers, and Youth Services' staff) from various jurisdictions, the assignment of an error rate is difficult. However, no system is perfect, and a small error rate, both human and mechanical, should be considered when analyzing data. Also, note that different counties count only one offense and one disposition per referral, while others may county multiple offenses and multiple dispositions per referral.
