

With the upcoming changes in the Medicaid laws we wanted to make sure our beneficiaries are not needlessly worried by these changes.

1. Just the category of eligibles known as PLADS will be affected.
2. If you fall into the category known as PLADS, you can expect a letter no later than the beginning of June explaining the changes. This letter will also have a toll-free telephone number that you need to call for further information.
3. We encourage you to look for your letter and to follow the instructions for further information and for help with your new benefits.
