Institutions Division

INSTITUTIONS

State Prisons

The Mississippi Department of Corrections (MDOC) Division of Institutions has oversight over three state institutions, 11 county regional facilities, five private prisons, the classification and records division, treatment and programs division, and agriculture enterprises. The division is under the leadership of Deputy Commissioner E. L. Sparkman.

Central Mississippi Correctional Facility

Margaret Bingham, Superintendent
Post Office Box 88550
Pearl, MS 39208
601.932.2880

The Central Mississippi Correctional Facility (CMCF) located in Rankin County, Mississippi, sits of 171.3 acres and serves as the receiving and classification facility for all persons convicted of felonies. CMCF is the second oldest state facility, having opened in February 1986. CMCF serves as the only state institution to house female inmates. The institution's capacity on June 30, 2005, was 3,233. CMCF houses male inmates with special needs, to include male inmates who are disabled and require medical treatment in the Jackson area. The institution was ACA accredited in January 2003.

Mississippi State Penitentiary

Lawrence Kelley, Superintendent
Post Office Box 1057
Parchman, MS 38738
662.745.6611

The Mississippi State Penitentiary (MSP) located in Sunflower County, Mississippi, serves as the maximum security facility and houses only males convicted of felonies. MSP is the oldest and largest state prison, occupying approximately 18,000 acres. The institution's capacity on June 30, 2005, was 5,024. MSP operates the Agriculture Enterprises division and farmed 5,138 acres of vegetables, rice, wheat, soybeans and corn. The institution was ACA accredited in May 2003.

South Mississippi Correctional Institution

Ron King, Superintendent
Post Office Box 1419
Leakesville, MS 39451
601.394.5600

The South Mississippi Correctional Institution (SMCI) located in Greene County, Mississippi, serves as a medium custody facility and houses only males convicted of felonies. SMCI is the newest state facility, having opened in 1989 and occupies approximately 360 acres. The institution's capacity on June 30, 2005, was 2,214. The institution was ACA accredited in August 2002.

INSTITUTIONS

Mississippi Prison Agriculture Enterprises

The mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2005 inmates worked 663,984 hours in the agriculture program.

For the crop year 2005, Agriculture Enterprises planted approximately 1,041.8 acres of vegetables, 493.8 acres of rice, 424.0 acres of wheat, 1,396.0 acres of corn and 1,365.72 acres of soybeans.

The poultry facility is in full production with a 36,000 layer capacity. A total of 548,014 dozen eggs were delivered to MDOC Food Services with a non-cash value of \$302,222 in FY 2005.

The swine operation weaned 909 litters averaging 8.22 pigs per litter with 7,474 pigs weaned. The farrowing equated to an average of 2.08 litter/sow annually. Marketed feeder hogs totaled 6,423 for \$818,606. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. There has been 1,304 light hogs processed with a processed weight of 113,140 that was donated to MDOC Food Service with a value of \$94,454.83 during FY 2005. The breeding herd received 240 raised gilts in the herd. The current inventory for breeding, farrowing, nurse, and finishing is 3,944.

The inventory of commodities carried over from FY 2005 had a value of \$232,517.49. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2005.

Non-cash sales for FY 2005 vegetable, egg sales, and pork processed were \$1,605,665. The total pounds of vegetable non-cash sale for FY 2005 was 3,694,379. Egg sales consisted of 548,014 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to some private correctional institutions and regional facilities to generate cash dollars in the amount of \$12,580.70.

On June 30, 2005, the Agriculture Enterprises Special Fund had a balance of \$966,072.50. Cash income received for Agriculture Enterprises, including deposits in transit, totaled \$2,567,135.

MPAE completed construction of the feed mill during FY 2002 and the three 42,000 bushel grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2005 the feed mill produced over 32 different feed rations for hog and chicken consumption. They produced 4,732.40 tons at a price to livestock of \$764,460.

The work staff includes 16 positions. At the present time 16 positions are filled and MPAE has four (4) contract employees.

Treatment Programs

Mission Statement: The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

Mississippi State Penitentiary

Unit 30 A-B: The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 180 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program. The goal is to provide a continuum of care whereby treatment begins in the Alcohol and Drug Therapeutic Community to the Pre-Release Program and continues further if the offender is released to Intensive Supervision (House Arrest) with requirements to continue treatment in the community.

Unit 28: This is a long-term A&D Treatment Program for Special Needs (HIV/AIDS) offenders who are within thirty months, but not less than seven months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a 12-week program.

Unit 31: This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for Special Needs (Disabled) offenders.

Unit 25: The Pre-Release/Job Assistance Alcohol and Drug Therapeutic Community After Care Program at Unit 25 has a total of 48 treatment beds. The program's goal is to provide soon-to-be released offenders with techniques that will enhance their sobriety, employability, social and human relation skills.

Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term (6 months to 12 months) Residential Substance Abuse Treatment Program (RSAT) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for Special needs (disabled) male offenders.

South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program.

Treatment Programs

Community Pre-Release Centers

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend Alcohol and Drug classes in the evening.

Flowood CWC

A twelve-week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are being released on ISP.

Community Work Centers

Alcohol and Drug Treatment Programs based on the principals of Alcoholics Anonymous are offered in 14 Community Work Centers. Offenders provide work in the community during the day and attend evening treatment sessions weekly.
