## INSTITUTIONS

### State Prisons

The Mississippi Department of Corrections (MDOC) Division of Institutions has oversight over three state institutions, 11 county regional facilities, six private prisons, the classification and records division, treatment and programs division, and agriculture enterprises. The division is under the leadership of Deputy Commissioner E. L. Sparkman.

#### **Mississippi State Penitentiary**

Lawrence Kelly, Superintendent  
Post Office Box 1057  
Parchman, MS 38738  
662.745.6611

The Mississippi State Penitentiary (MSP) located in Sunflower County, Mississippi, serves as the maximum security facility and houses only males convicted of felonies. MSP is the oldest and largest state prison, occupying approximately 16,000 acres. The institution's capacity on June 30, 2007, was 4,501. MSP operates the Agricultural Enterprises division and farmed 5,630 acres of vegetables, rice, wheat, soybeans and corn. The institution was ACA re-accredited in November 2005.

#### **Central Mississippi Correctional Facility**

Margaret Bingham, Superintendent  
Post Office Box 88550  
Pearl, MS 39208  
601.932.2880

The Central Mississippi Correctional Facility (CMCF) located in Rankin County, Mississippi, sits on 171.3 acres and serves as the receiving and classification facility for all persons convicted of felonies. CMCF is the second oldest state facility, having opened in February 1986. CMCF serves as the only state institution to house female inmates. The institution's capacity on June 30, 2007 was 3,403. CMCF houses male inmates with special needs, to include male inmates who are disabled and require medical treatment in the Jackson area. The institution was ACA re-accredited in October 2005.

#### **South Mississippi Correctional Institution**

Ron King, Superintendent  
Post Office Box 1419  
Leakesville, MS 39451  
601.394.5600

The South Mississippi Correctional Institution (SMCI) located in Greene County, Mississippi, serves as a medium custody facility and houses only males convicted of felonies. SMCI is the newest state facility, having opened in 1989 and occupies approximately 360 acres. The institution's capacity on June 30, 2007, was 2,598. The institution was ACA re-accredited in April 2005.

### Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2007 inmates worked 760,320 hours in the agriculture program.

For the crop year 2007, Agriculture Enterprises planted approximately 1,425 acres of vegetables, 340 acres of rice, 1,301 acres of corn, 500 acres of wheat, and 2,672 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 480,050 dozen eggs were delivered to MDOC food services with a non-cash value of \$378,687 in FY 2007.

The swine operation weaned 989 litters averaging 8.91 pigs per litter with 8,814 pigs weaned. The farrowing equated to an average of 2.09 litter/sow annually. Feeder hogs marketed totaled 6,318 for \$734,988. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. There have been 1,131 light hogs processed with a processed weight of 103,094 pounds that was donated to MDOC food service with a value of \$85,568 during FY 2007. The breeding herd received 178 raised gilts in the herd. The current inventory for breeding, farrowing, nursery, and finishing is 4,898.

The inventory of commodities carried over from FY 2007 had a value of \$317,668.06. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2007.

Non-cash sales for FY 2007 vegetable, egg sales, and pork processed were \$1,995,089. The total pounds of vegetable non-cash sale for FY 2007 was 3,748,721. Egg sales consist of 480,050 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to some private correctional institutions and regional facilities to generate cash dollars of \$7,916.

On June 30, 2007, the Agricultural Enterprises Special Fund had a balance of \$418,685.27. Cash income received for Agricultural Enterprises, including deposits in transit, totaled \$2,601,354.31.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2007 the feed mill produced over 18 different feed rations for hog and chicken consumption. They produced 4,898 tons at a price to livestock of \$851,102.67.

The work staff includes 18 positions. At the present time 17 positions are filled and MPAE has five (5) contract employees.

### Treatment Programs Alcohol and Drug

**Mission Statement:** The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

#### **Mississippi State Penitentiary**

**Unit 30 A-B:** The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program. The goal is to provide a continuum of care whereby treatment begins in the Alcohol and Drug Therapeutic Community to the Pre-Release Program, continues further if the offender is released to Intensive Supervision (House Arrest) with recommendations to continue treatment in the community.

**Unit 28:** This is a long-term A&D Treatment Program for Special Needs (i.e., HIV/AIDS) offenders who are within six to thirty months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a 12-week program.

**Unit 31:** This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for Special Needs (Disability) offenders.

**Unit 25:** The Pre-Release/Job Assistance Alcohol and Drug Therapeutic Community After Care Program at Unit 25 has a total of 60 treatment beds. The program's goal is to provide soon-to-be released offenders with techniques that will enhance their sobriety, employability, social and human relation skills.

#### **Central Mississippi Correctional Facility**

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term (6 months to 12 months) Residential Substance Abuse Treatment Program (RSAT) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for Special needs (disabled) male offenders.

#### **South Mississippi Correctional Institution**

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi, for general population offenders. This program is 12 weeks in duration. It was started primarily

for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders. In July 2006, a short-term (12 weeks) A&D program was implemented for CWC returnees.

#### **Community Pre-Release Centers**

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend Alcohol and Drug classes in the evening.

#### **Flowood Community Work Center**

A twelve-week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are being released on ISP.

#### **Community Work Centers**

Alcohol and Drug Treatment Programs based on the principals of Alcoholics Anonymous are offered in 14 Community Work Centers. Offenders provide work in the community during the day and attend evening treatment sessions weekly.
