Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2009 inmates worked 777,400 hours in the agriculture program.

For the crop year 2009, Agriculture Enterprises planted approximately 1,291 acres of vegetables, 119 acres of rice, 1,228 acres of corn, 550 acres of wheat, and 2,320 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 581,140 dozen eggs were delivered to MDOC food services with a non-cash value of \$654,250 in FY 2009.

The swine operation weaned 976 litters averaging 7.44 pigs per litter with 7,257 pigs weaned. The farrowing equated to an average of 1.91 litter/sow annually. Feeder hogs marketed totaled 5,250 for \$547,783. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. There have been 1,106 light hogs processed with a processed weight of 109,062 pounds that was donated to MDOC food service with a value of \$102,585 during FY 2009. The breeding herd received 119 raised gilts in the herd. The current inventory for breeding, farrowing, nursery, and finishing is 3,977.

The inventory of commodities carried over from FY 2009 had a value of \$171,828. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2009.

Non-cash sales for FY 2009 vegetable, egg sales, and pork processed were \$2,130,012. The total pounds of vegetable non-cash sale for FY 2009 was 2,993,322. Egg sales consist of 581,140 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to employees, some private correctional institutions and regional facilities to generate cash dollars of \$6,876.41.

On June 30, 2009, the Agricultural Enterprises Special Fund had a balance of \$496,200.55. Cash income received for Agricultural Enterprises, including deposits in transit, totaled \$3,025,654.71.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2009 the feed mill produced over 18 different feed rations for hog and chicken consumption. They produced 4,970 tons at a price to livestock of \$1,110,323.

The work staff includes 18 positions. At the present time 15 positions are filled and MPAE has five (5) contract employees.

Treatment Programs Alcohol and Drug

Mission Statement: The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

Mississippi State Penitentiary

Unit 30 A-B: The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program.

Unit 29-A: This is a long-term A&D Treatment Program for Special Needs (i.e., HIV/AIDS) offenders who are within six to thirty months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a Long Term Program.

Unit 31: This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for special needs (disability) offenders.

Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term program (6 months to 12 months) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for special needs (disability) male offenders.

South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi, for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders. In July 2006, a short-term (12 weeks) A&D program was implemented for CWC returnees. The CWC program has been changed to 4 weeks in duration.

INSTITUTIONS

Treatment Programs Alcohol and Drug

Community Pre-Release Centers

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend Alcohol and Drug classes in the evening.

Flowood Community Work Center

A twelve-week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are being released on Intensive Supervision Program (ISP).

Community Work Centers

Alcohol and Drug Treatment Programs based on the principals of Alcoholics Anonymous are offered in 14 Community Work Centers. Offenders provide work in the community during the day and attend evening treatment sessions weekly.
