SENATE BILL NO. 3078

AN ACT TO AMEND SECTION 25-11-111, MISSISSIPPI CODE OF 1972, TO INCREASE TO 30 YEARS THE NUMBER OF YEARS OF CREDITABLE SERVICE REQUIRED FOR RETIREMENT REGARDLESS OF AGE UNDER THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM FOR PERSONS WHO BECOME MEMBERS OF THE SYSTEM ON OR AFTER JULY 1, 2011; TO AMEND SECTIONS 25-11-103, 25-11-114 AND 25-11-115, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PRECEDING PROVISIONS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 25-11-111, Mississippi Code of 1972, is amended as follows:

25-11-111. (a) (1) Any member who became a member of the system before July 1, 2007, upon withdrawal from service upon or after attainment of the age of sixty (60) years who has completed at least four (4) years of membership service, or any member who became a member of the system before July 1, 2011, upon withdrawal from service regardless of age who has completed at least twenty-five (25) years of creditable service, shall be entitled to receive a retirement allowance, which shall begin on the first of the month following the date the member's application for the allowance is received by the board, but in no event before withdrawal from service.

(2) Any member who became a member of the system on or after July 1, 2007, upon withdrawal from service upon or after attainment of the age of sixty (60) years who has completed at least eight (8) years of membership service, or any member who became a member of the system on or after July 1, 2011, upon withdrawal from service regardless of age who has completed at least thirty (30) years of creditable service, shall be entitled to receive a retirement allowance, which shall begin on the first

of the month following the date the member's application for the allowance is received by the board, but in no event before withdrawal from service.

(b) (1) Any member who became a member of the system before July 1, 2007, whose withdrawal from service occurs before attaining the age of sixty (60) years who has completed four (4) or more years of membership service and has not received a refund of his accumulated contributions, shall be entitled to receive a retirement allowance, beginning upon his attaining the age of sixty (60) years, of the amount earned and accrued at the date of withdrawal from service.

(2) Any member who became a member of the system on or after July 1, 2007, whose withdrawal from service occurs before attaining the age of sixty (60) years who has completed eight (8) or more years of membership service and has not received a refund of his accumulated contributions, shall be entitled to receive a retirement allowance, beginning upon his attaining the age of sixty (60) years, of the amount earned and accrued at the date of withdrawal from service.

(c) Any member in service who has qualified for retirement benefits may select any optional method of settlement of retirement benefits by notifying the Executive Director of the Board of Trustees of the Public Employees' Retirement System in writing, on a form prescribed by the board, of the option he has selected and by naming the beneficiary of the option and furnishing necessary proof of age. The option, once selected, may be changed at any time before actual retirement or death, but upon the death or retirement of the member, the optional settlement shall be placed in effect upon proper notification to the executive director.

(d) The annual amount of the retirement allowance shall consist of:

(1) A member's annuity, which shall be the actuarial equivalent of the accumulated contributions of the member at the time of retirement computed according to the actuarial table in use by the system; and

(2) An employer's annuity, which, together with the member's annuity provided above, shall be equal to two percent (2%) of the average compensation for each year of service up to and including twenty-five (25) years of creditable service, and two and one-half percent (2-1/2%) of the average compensation for each year of service exceeding twenty-five (25) years of creditable service.

(3) Any retired member or beneficiary thereof who was eligible to receive a retirement allowance before July 1, 1991, and who is still receiving a retirement allowance on July 1, 1992, shall receive an increase in the annual retirement allowance of the retired member equal to one-eighth of one percent (1/8 of 1%) of the average compensation for each year of state service in excess of twenty-five (25) years of membership service up to and including thirty (30) years. The maximum increase shall be five-eighths of one percent (5/8 of 1%). In no case shall a member who has been retired before July 1, 1987, receive less than Ten Dollars (\$10.00) per month for each year of creditable service and proportionately for each quarter year thereof. Persons retired on or after July 1, 1987, shall receive at least Ten Dollars (\$10.00) per month for each year of service and proportionately for each quarter year thereof reduced for the option selected. However, such Ten Dollars (\$10.00) minimum per month for each year of creditable service shall not apply to a retirement allowance computed under Section 25-11-114 based on a percentage of the member's average compensation.

(e) No member, except members excluded by the Age Discrimination in Employment Act Amendments of 1986 (Public Law

99-592), under either Article 1 or Article 3 in state service shall be required to retire because of age.

(f) No payment on account of any benefit granted under the provisions of this section shall become effective or begin to accrue until January 1, 1953.

(g) (1) A retiree or beneficiary may, on a form prescribed by and filed with the retirement system, irrevocably waive all or a portion of any benefits from the retirement system to which the retiree or beneficiary is entitled. The waiver shall be binding on the heirs and assigns of any retiree or beneficiary and the same must agree to forever hold harmless the Public Employees' Retirement System of Mississippi from any claim to the waived retirement benefits.

(2) Any waiver under this subsection shall apply only to the person executing the waiver. A beneficiary shall be entitled to benefits according to the option selected by the member at the time of retirement. However, a beneficiary may, at the option of the beneficiary, execute a waiver of benefits under this subsection.

(3) The retirement system shall retain in the annuity reserve account amounts that are not used to pay benefits because of a waiver executed under this subsection.

(4) The board of trustees may provide rules and regulations for the administration of waivers under this subsection.

SECTION 2. Section 25-11-103, Mississippi Code of 1972, is amended as follows:

25-11-103. The following words and phrases as used in Articles 1 and 3, unless a different meaning is plainly required by the context, have the following meanings:

(a) "Accumulated contributions" means the sum of all the amounts deducted from the compensation of a member and credited to his or her individual account in the annuity savings

account, together with regular interest as provided in Section 25-11-123.

(b) "Actuarial cost" means the amount of funds presently required to provide future benefits as determined by the board based on applicable tables and formulas provided by the actuary.

(c) "Actuarial equivalent" means a benefit of equal value to the accumulated contributions, annuity or benefit, as the case may be, when computed upon the basis of such mortality tables as adopted by the board of trustees, and regular interest.

(d) "Actuarial tables" means such tables of mortality and rates of interest as adopted by the board in accordance with the recommendation of the actuary.

(e) "Agency" means any governmental body employing persons in the state service.

(f) "Average compensation" means the average of the four (4) highest years of earned compensation reported for an employee in a fiscal or calendar year period, or combination thereof that do not overlap, or the last forty-eight (48) consecutive months of earned compensation reported for an employee. The four (4) years need not be successive or joined years of service. In computing the average compensation, any amount lawfully paid in a lump sum for personal leave or major medical leave shall be included in the calculation to the extent that the amount does not exceed an amount that is equal to thirty (30) days of earned compensation and to the extent that it does not cause the employee's earned compensation to exceed the maximum reportable amount specified in Section 25-11-103(k); however, this thirty-day limitation shall not prevent the inclusion in the calculation of leave earned under federal regulations before July 1, 1976, and frozen as of that date as referred to in Section 25-3-99. Only the amount of lump-sum pay for personal leave due and paid upon the death of a member attributable for up to one

hundred fifty (150) days shall be used in the deceased member's average compensation calculation in determining the beneficiary's benefits. In computing the average compensation, no amounts shall be used that are in excess of the amount on which contributions were required and paid, and no nontaxable amounts paid by the employer for health or life insurance premiums for the employee shall be used. If any member who is or has been granted any increase in annual salary or compensation of more than eight percent (8%) retires within twenty-four (24) months from the date that the increase becomes effective, then the board shall exclude that part of the increase in salary or compensation that exceeds eight percent (8%) in calculating that member's average compensation for retirement purposes. The board may enforce this provision by rule or regulation. However, increases in compensation in excess of eight percent (8%) per year granted within twenty-four (24) months of the date of retirement may be included in the calculation of average compensation if satisfactory proof is presented to the board showing that the increase in compensation was the result of an actual change in the position held or services rendered, or that the compensation increase was authorized by the State Personnel Board or was increased as a result of statutory enactment, and the employer furnishes an affidavit stating that the increase granted within the last twenty-four (24) months was not contingent on a promise or agreement of the employee to retire. Nothing in Section 25-3-31 shall affect the calculation of the average compensation of any member for the purposes of this article. The average compensation of any member who retires before July 1, 1992, shall not exceed the annual salary of the Governor.

(g) "Beneficiary" means any person entitled to receive a retirement allowance, an annuity or other benefit as provided by Articles 1 and 3. The term "beneficiary" may also include an organization, estate, trust or entity; however, a beneficiary

designated or entitled to receive monthly payments under an optional settlement based on life contingency or under a statutory monthly benefit may only be a natural person. In the event of the death before retirement of any member who became a member of the system before July 1, 2007, and whose spouse and/or children are not entitled to a retirement allowance on the basis that the member has less than four (4) years of service credit, or who became a member of the system on or after July 1, 2007, and whose spouse and/or children are not entitled to a retirement allowance on the basis that the member has less than eight (8) years of service credit, and/or has not been married for a minimum of one (1) year or the spouse has waived his or her entitlement to a retirement allowance under Section 25-11-114, the lawful spouse of a member at the time of the death of the member shall be the beneficiary of the member unless the member has designated another beneficiary after the date of marriage in writing, and filed that writing in the office of the executive director of the board of trustees. No designation or change of beneficiary shall be made in any other manner.

(h) "Board" means the board of trustees provided in Section 25-11-15 to administer the retirement system created under this article.

(i) "Creditable service" means "prior service," "retroactive service" and all lawfully credited unused leave not exceeding the accrual rates and limitations provided in Section 25-3-91 et seq., as of the date of withdrawal from service plus "membership service" and other service for which credit is allowable as provided in Section 25-11-109. Except to limit creditable service reported to the system for the purpose of computing an employee's retirement allowance or annuity or benefits provided in this article, nothing in this paragraph shall limit or otherwise restrict the power of the governing authority

of a municipality or other political subdivision of the state to adopt such vacation and sick leave policies as it deems necessary.

(j) "Child" means either a natural child of the member, a child that has been made a child of the member by applicable court action before the death of the member, or a child under the permanent care of the member at the time of the latter's death, which permanent care status shall be determined by evidence satisfactory to the board.

(k) "Earned compensation" means the full amount earned during a fiscal year by an employee including any maintenance furnished not to exceed the employee compensation limit set pursuant to Section 401(a)(17) of the Internal Revenue Code for the calendar year in which the fiscal year begins and proportionately for less than one (1) year of service. The value of that maintenance when not paid in money shall be fixed by the employing state agency, and, in case of doubt, by the board of trustees as defined in Section 25-11-15. Earned compensation shall not include any nontaxable amounts paid by the employer for health or life insurance premiums for an employee. In any case, earned compensation shall be limited to the regular periodic compensation paid, exclusive of litigation fees, bond fees, and other similar extraordinary nonrecurring payments. In addition, any member in a covered position, as defined by Public Employees' Retirement System laws and regulations, who is also employed by another covered agency or political subdivision shall have the earnings of that additional employment reported to the Public Employees' Retirement System regardless of whether the additional employment is sufficient in itself to be a covered position. In addition, computation of earned compensation shall be governed by the following:

(i) In the case of constables, the net earnings from their office after deduction of expenses shall apply, except that in no case shall earned compensation be less than the total

direct payments made by the state or governmental subdivisions to the official.

(ii) In the case of chancery or circuit clerks, the net earnings from their office after deduction of expenses shall apply as expressed in Section 25-11-123(f)(4).

(iii) In the case of members of the State Legislature, all remuneration or amounts paid, except mileage allowance, shall apply.

(iv) The amount by which an eligible employee's salary is reduced under a salary reduction agreement authorized under Section 25-17-5 shall be included as earned compensation under this paragraph, provided this inclusion does not conflict with federal law, including federal regulations and federal administrative interpretations under the federal law, pertaining to the Federal Insurance Contributions Act or to Internal Revenue Code Section 125 cafeteria plans.

(v) Compensation in addition to an employee's base salary that is paid to the employee under the vacation and sick leave policies of a municipality or other political subdivision of the state that employs him or her that exceeds the maximums authorized by Section 25-3-91 et seq. shall be excluded from the calculation of earned compensation under this article.

(vi) The maximum salary applicable for retirement purposes before July 1, 1992, shall be the salary of the Governor.

(vii) Nothing in Section 25-3-31 shall affect the determination of the earned compensation of any member for the purposes of this article.

(1) "Employee" means any person legally occupying a position in the state service, and shall include the employees of the retirement system created under this article.

(m) "Employer" means the State of Mississippi or any of its departments, agencies or subdivisions from which any employee receives his or her compensation.

(n) "Executive director" means the secretary to the board of trustees, as provided in Section 25-11-15(9), and the administrator of the Public Employees' Retirement System and all systems under the management of the board of trustees. Wherever the term "Executive Secretary of the Public Employees' Retirement System" or "executive secretary" appears in this article or in any other provision of law, it shall be construed to mean the Executive Director of the Public Employees' Retirement System.

(o) "Fiscal year" means the period beginning on July 1 of any year and ending on June 30 of the next succeeding year.

(p) "Medical board" means the board of physicians or any governmental or nongovernmental disability determination service designated by the board of trustees that is qualified to make disability determinations as provided for in Section 25-11-119.

(q) "Member" means any person included in the membership of the system as provided in Section 25-11-105. For purposes of Sections 25-11-103, 25-11-105, 25-11-109, 25-11-111, 25-11-113, 25-11-114, 25-11-115 and 25-11-117, if a member of the system withdrew from state service and received a refund of the amount of the accumulated contributions to the credit of the member in the annuity savings account before July 1, 2007, and the person reenters state service and becomes a member of the system again on or after July 1, 2007, and repays all or part of the amount received as a refund and interest in order to receive creditable service for service rendered before July 1, 2007, the member shall be considered to have become a member of the system on or after July 1, 2007, subject to the eight-year membership service requirement, as applicable in those sections. For purposes of Sections 25-11-103, 25-11-111, 25-11-114 and 25-11-115, if a member of the system withdrew from state service and received a refund of the amount of the accumulated contributions to the credit of the member in the annuity savings

account before July 1, 2011, and the person reenters state service and becomes a member of the system again on or after July 1, 2011, and repays all or part of the amount received as a refund and interest in order to receive creditable service for service rendered before July 1, 2011, the member shall be considered to have become a member of the system on or after July 1, 2011.

(r) "Membership service" means service as an employee in a covered position rendered while a contributing member of the retirement system.

(s) "Position" means any office or any employment in the state service, or two (2) or more of them, the duties of which call for services to be rendered by one (1) person, including positions jointly employed by federal and state agencies administering federal and state funds. The employer shall determine upon initial employment and during the course of employment of an employee who does not meet the criteria for coverage in the Public Employees' Retirement System based on the position held, whether the employee is or becomes eligible for coverage in the Public Employees' Retirement System based upon any other employment in a covered agency or political subdivision. If or when the employee meets the eligibility criteria for coverage in the other position, then the employer must withhold contributions and report wages from the noncovered position in accordance with the provisions for reporting of earned compensation. Failure to deduct and report those contributions shall not relieve the employee or employer of liability thereof. The board shall adopt such rules and regulations as necessary to implement and enforce this provision.

(t) "Prior service" means:

(i) For persons who became members of the system before July 1, 2007, service rendered before February 1, 1953, for which credit is allowable under Sections 25-11-105 and 25-11-109, and which shall allow prior service for any person who is now or

becomes a member of the Public Employees' Retirement System and who does contribute to the system for a minimum period of four (4) years.

(ii) For persons who became members of the system on or after July 1, 2007, service rendered before February 1, 1953, for which credit is allowable under Sections 25-11-105 and 25-11-109, and which shall allow prior service for any person who is now or becomes a member of the Public Employees' Retirement System and who does contribute to the system for a minimum period of eight (8) years.

(u) "Regular interest" means interest compounded annually at such a rate as determined by the board in accordance with Section 25-11-121.

(v) "Retirement allowance" means an annuity for life as provided in this article, payable each year in twelve (12) equal monthly installments beginning as of the date fixed by the board. The retirement allowance shall be calculated in accordance with Section 25-11-111. However, any spouse who received a spouse retirement benefit in accordance with Section 25-11-111(d) before March 31, 1971, and those benefits were terminated because of eligibility for a social security benefit, may again receive his or her spouse retirement benefit from and after making application with the board of trustees to reinstate the spouse retirement benefit.

(w) "Retroactive service" means service rendered after February 1, 1953, for which credit is allowable under Section 25-11-105(b) and Section 25-11-105(k).

(x) "System" means the Public Employees' Retirement System of Mississippi established and described in Section 25-11-101.

(y) "State" means the State of Mississippi or any political subdivision thereof or instrumentality of the state.

(z) "State service" means all offices and positions of trust or employment in the employ of the state, or any political subdivision or instrumentality of the state, that elect to participate as provided by Section 25-11-105(f), including the position of elected or fee officials of the counties and their deputies and employees performing public services or any department, independent agency, board or commission thereof, and also includes all offices and positions of trust or employment in the employ of joint state and federal agencies administering state and federal funds and service rendered by employees of the public schools. Effective July 1, 1973, all nonprofessional public school employees, such as bus drivers, janitors, maids, maintenance workers and cafeteria employees, shall have the option to become members in accordance with Section 25-11-105(b), and shall be eligible to receive credit for services before July 1, 1973, provided that the contributions and interest are paid by the employee in accordance with that section; in addition, the county or municipal separate school district may pay the employer contribution and pro rata share of interest of the retroactive service from available funds. From and after July 1, 1998, retroactive service credit shall be purchased at the actuarial cost in accordance with Section 25-11-105(b).

(aa) "Withdrawal from service" or "termination from service" means complete severance of employment in the state service of any member by resignation, dismissal or discharge.

(bb) The masculine pronoun, wherever used, includes the feminine pronoun.

SECTION 3. Section 25-11-114, Mississippi Code of 1972, is amended as follows:

25-11-114. (1) The applicable benefits provided in subsections (2) and (3) of this section shall be paid to eligible beneficiaries of any member who became a member of the system before July 1, 2007, and has completed four (4) or more years of

membership service, or who became a member of the system on or after July 1, 2007, and has completed eight (8) or more years of membership service, and who dies before retirement and who has not filed a Pre-Retirement Optional Retirement Form as provided in Section 25-11-111.

(2) (a) The member's surviving spouse who has been married to the member for not less than one (1) year immediately preceding his death shall receive an annuity computed in accordance with paragraph (d) of this subsection (2) as if the member:

(i) Had retired on the date of his death with entitlement to an annuity provided for in Section 25-11-111, notwithstanding that he might not have attained age sixty (60) or acquired the number of years of creditable service necessary for retirement regardless of age;

(ii) Had nominated his spouse as beneficiary; and

(b) If, at the time of the member's death, there are no dependent children, and the surviving spouse, who otherwise would receive the annuity under this subsection (2), has filed with the system a signed written waiver of his or her rights to the annuity and that waiver was in effect at the time of the member's death, a lump-sum distribution of the deceased member's accumulated contributions shall be refunded in accordance with Section 25-11-117.

(c) The spouse annuity shall begin on the first day of the month following the date of the member's death, but in case of late filing, retroactive payments will be made for a period of not more than one (1) year.

(d) The spouse annuity shall be payable for life and shall be the greater of twenty percent (20%) of the deceased member's average compensation as defined in Section 25-11-103 at the time of death or Fifty Dollars (\$50.00) monthly. Surviving spouses of deceased members who previously received spouse retirement benefits under this paragraph (d) from and after July

1, 1992, and whose benefits were terminated before July 1, 2004, because of remarriage, may again receive the retirement benefits authorized under this paragraph (d) by making application with the board to reinstate those benefits. Any reinstatement of the benefits shall be prospective only and shall begin after the first of the month following the date of the application for reinstatement, but no earlier than July 1, 2004.

(e) However, the spouse may elect by an irrevocable agreement on a form prescribed by the board of trustees to receive a monthly allowance as computed under either paragraph (d) or this paragraph. The irrevocable agreement shall constitute a waiver by the spouse to any current and future monthly allowance under the paragraph not elected, and the waiver shall be a complete and full discharge of all obligations of the retirement system under that paragraph.

Any member who has completed the requisite minimum number of years of membership service to qualify for a retirement allowance at age sixty (60) and who dies before retirement and leaves a spouse who has been married to the member for not less than one (1) year immediately preceding his death and has not exercised any other option shall be deemed to have exercised Option 2 under Section 25-11-115 for the benefit of his spouse, which spouse shall be paid Option 2 settlement benefits under this article beginning on the first of the month following the date of death, but in case of late filing, retroactive payments will be made for a period of not more than one (1) year. The method of calculating the retirement benefits shall be on the same basis as provided in Section 25-11-111(d). However, if the member dies before being qualified for full unreduced benefits, then the benefits shall be reduced by three percent (3%) per year for the lesser of either the years of service or age required for full unreduced benefits in Section 25-11-111(d).

(3) (a) Subject to the maximum limitation provided in this paragraph, the member's dependent children each shall receive an annuity of the greater of ten percent (10%) of the member's average compensation as defined in Section 25-11-103 at the time of the death of the member or Fifty Dollars (\$50.00) monthly; however, if there are more than three (3) dependent children, each dependent child shall receive an equal share of a total annuity equal to thirty percent (30%) of the member's average compensation, provided that the total annuity shall not be less than One Hundred Fifty Dollars (\$150.00) per month for all children.

(b) A child shall be considered to be a dependent child until marriage, or the attainment of age nineteen (19), whichever comes first; however, this age limitation shall be extended beyond age nineteen (19), but in no event beyond the attainment of age twenty-three (23), as long as the child is a student regularly pursuing a full-time course of resident study or training in an accredited high school, trade school, technical or vocational institute, junior or community college, college, university or comparable recognized educational institution duly licensed by a state. A student child whose birthday falls during the school year (September 1 through June 30) is considered not to reach age twenty-three (23) until the July 1 following the actual twenty-third birthday. A full-time course of resident study or training means a day or evening noncorrespondence course that includes school attendance at the rate of at least thirty-six (36) weeks per academic year or other applicable period with a subject load sufficient, if successfully completed, to attain the educational or training objective within the period generally accepted as minimum for completion, by a full-time day student, of the academic or training program concerned. Any child who is physically or mentally incompetent, as adjudged by either a

Mississippi court of competent jurisdiction or by the board, shall receive benefits for as long as the incompetency exists.

(c) If there are more than three (3) dependent children, upon a child's ceasing to be a dependent child, his annuity shall terminate and there shall be a redetermination of the amounts payable to any remaining dependent children.

(d) Annuities payable under this subsection (3) shall begin the first day of the month following the date of the member's death or in case of late filing, retroactive payments will be made for a period of not more than one (1) year. Those benefits may be paid to a surviving parent or the lawful custodian of a dependent child for the use and benefit of the child without the necessity of appointment as guardian.

(4) (a) Death benefits in the line of duty. Regardless of the number of years of the member's creditable service, the spouse and/or the dependent children of an active member who is killed in the line of performance of duty or dies as a direct result of an accident occurring in the line of performance of duty shall qualify, on approval of the board, for a retirement allowance on the first of the month following the date of death, but in the case of late filing, retroactive payments will be made for a period of not more than one (1) year. The spouse shall receive a retirement allowance for life equal to one-half (1/2) of the average compensation as defined in Section 25-11-103. In addition to the retirement allowance for the spouse, or if there is no surviving spouse, the member's dependent child shall receive a retirement allowance in the amount of one-fourth (1/4) of the member's average compensation as defined in Section 25-11-103; however, if there are two (2) or more dependent children, each dependent child shall receive an equal share of a total annuity equal to one-half (1/2) of the member's average compensation. If there are more than two (2) dependent children, upon a child's ceasing to be a dependent child, his annuity shall terminate and

there shall be a redetermination of the amounts payable to any remaining dependent children. Those benefits shall cease to be paid for the support and maintenance of each child upon the child attaining the age of nineteen (19) years; however, the spouse shall continue to be eligible for the aforesaid retirement allowance. Those benefits may be paid to a surviving parent or lawful custodian of the children for the use and benefit of the children without the necessity of appointment as guardian. Any spouse who received spouse retirement benefits under this paragraph (a) from and after April 4, 1984, and whose benefits were terminated before July 1, 2004, because of remarriage, may again receive the retirement benefits authorized under this paragraph (a) by making application with the board to reinstate those benefits. Any reinstatement of the benefits shall be prospective only and shall begin after the first of the month following the date of the application for reinstatement, but not earlier than July 1, 2004.

(b) A child shall be considered to be a dependent child until marriage, or the attainment of age nineteen (19), whichever comes first; however, this age limitation shall be extended beyond age nineteen (19), but in no event beyond the attainment of age twenty-three (23), as long as the child is a student regularly pursuing a full-time course of resident study or training in an accredited high school, trade school, technical or vocational institute, junior or community college, college, university or comparable recognized educational institution duly licensed by a state. A student child whose birthday falls during the school year (September 1 through June 30) is considered not to reach age twenty-three (23) until the July 1 following the actual twenty-third birthday. A full-time course of resident study or training means a day or evening noncorrespondence course that includes school attendance at the rate of at least thirty-six (36) weeks per academic year or other applicable period with a subject

load sufficient, if successfully completed, to attain the educational or training objective within the period generally accepted as minimum for completion, by a full-time day student, of the academic or training program concerned. Any child who is physically or mentally incompetent, as adjudged by either a Mississippi court of competent jurisdiction or by the board, shall receive benefits for as long as the incompetency exists.

(5) If all the annuities provided for in this section payable on account of the death of a member terminate before there has been paid an aggregate amount equal to the member's accumulated contributions standing to the member's credit in the annuity savings account at the time of the member's death, the difference between the accumulated contributions and the aggregate amount of annuity payments shall be paid to the person that the member has nominated by written designation duly executed and filed with the board. If there is no designated beneficiary surviving at termination of benefits, the difference shall be payable under Section 25-11-117.1(1).

(6) Regardless of the number of years of creditable service, upon the application of a member or employer, any active member who becomes disabled as a direct result of an accident or traumatic event resulting in a physical injury occurring in the line of performance of duty, provided that the medical board or other designated governmental agency after a medical examination certifies that the member is mentally or physically incapacitated for the further performance of duty and the incapacity is likely to be permanent, may be retired by the board of trustees on the first of the month following the date of filing the application but in no event shall the retirement allowance begin before the termination of state service. The retirement allowance shall equal the allowance on disability retirement as provided in Section 25-11-113 but shall not be less than fifty percent (50%) of average compensation.

Permanent and total disability resulting from a cardiovascular, pulmonary or musculo-skeletal condition that was not a direct result of a traumatic event occurring in the performance of duty shall be deemed an ordinary disability. A mental disability based exclusively on employment duties occurring on an ongoing basis shall be deemed an ordinary disability.

(7) If the deceased or disabled member has less than four (4) years of membership service, the average compensation as defined in Section 25-11-103 shall be the average of all annual earned compensation in state service for the purposes of benefits provided in this section.

(8) In case of death or total and permanent disability under subsection (4) or subsection (6) of this section and before the board shall consider any application for a retirement allowance, the employer must certify to the board that the member's death or disability was a direct result of an accident or a traumatic event occurring during and as a result of the performance of the regular and assigned duties of the employee and that the death or disability was not the result of the willful negligence of the employee.

(9) The application for the retirement allowance must be filed within one (1) year after death of an active member who is killed in the line of performance of duty or dies as a direct result of an accident occurring in the line of performance of duty or traumatic event; but the board of trustees may consider an application for disability filed after the one-year period if it can be factually demonstrated to the satisfaction of the board of trustees that the disability is due to the accident and that the filing was not accomplished within the one-year period due to a delayed manifestation of the disability or to circumstances beyond the control of the member. However, in case of late filing, retroactive payments will be made for a period of not more than one (1) year only.

(10) Notwithstanding any other section of this article and in lieu of any payments to a designated beneficiary for a refund of contributions under Section 25-11-117, the spouse and/or children shall be eligible for the benefits payable under this section, and the spouse may elect, for both the spouse and/or children, to receive benefits in accordance with either subsections (2) and (3) or subsection (4) of this section; otherwise, the contributions to the credit of the deceased member shall be refunded in accordance with Section 25-11-117.

(11) If the member has previously received benefits from the system to which he was not entitled and has not repaid in full all amounts payable by him to the system, the annuity amounts otherwise provided by this section shall be withheld and used to effect repayment until the total of the withholdings repays in full all amounts payable by him to the system.

SECTION 4. Section 25-11-115, Mississippi Code of 1972, is amended as follows:

25-11-115. (1) Upon application for superannuation or disability retirement, any member may elect to receive his or her benefit in a retirement allowance payable throughout life with no further payments to anyone at the member's death, except that if the member's total retirement payments under this article do not equal the member's total contributions under this article, the named beneficiary shall receive the difference in cash at the member's death. Or the member may elect upon retirement, or upon becoming eligible for retirement, to receive the actuarial equivalent subject to the provisions of subsection (3) of this section of his or her retirement allowance in a reduced retirement allowance payable throughout life with the provision that:

Option 1. If the retired member dies before he or she has received in annuity payment the value of the member's annuity savings account as it was at the time of the member's retirement, the balance shall be paid to the legal representative or to such

person as the member has nominated by written designation duly acknowledged and filed with the board;

Option 2. Upon the retired member's death, his or her reduced retirement allowance shall be continued throughout the life of, and paid to, such person as the member has nominated by written designation duly acknowledged and filed with the board of trustees at the time of his or her retirement;

Option 3. Upon the retired member's death, one-half (1/2) of his or her reduced retirement allowance shall be continued throughout the life of, and paid to, such person as the member has nominated by written designation duly acknowledged and filed with the board of trustees at the time of his or her retirement, and the other one-half (1/2) of his or her reduced retirement allowance to some other designated beneficiary;

Option 4-A. Upon the retired member's death, one-half (1/2) of his or her reduced retirement allowance, or such other specified amount, shall be continued throughout the life of, and paid to, such person as the member has nominated by written designation duly acknowledged and filed with the board of trustees at the time of his or her retirement;

Option 4-B. A reduced retirement allowance shall be continued throughout the life of the retirant, but with the further guarantee of payments to the named beneficiary, beneficiaries or to the estate for a specified number of years certain. If the retired member or the last designated beneficiary receiving annuity payments dies before receiving all guaranteed payments due, the actuarial equivalent of the remaining payments shall be paid under Section 25-11-117.1(1);

Option 6. Any member who became a member of the system before July 1, 2007, and who has at least twenty-eight (28) years of creditable service at the time of retirement or who is at least sixty-three (63) years of age and eligible to retire, may select the maximum retirement benefit or an optional benefit as provided

in this subsection together with a partial lump-sum distribution. Any member who became a member of the system on or after July 1, 2007, but before July 1, 2011, and who has at least twenty-eight (28) years of creditable service at the time of retirement may select the maximum retirement benefit or any optional benefit as provided in this subsection together with a partial lump-sum distribution. Any member who became a member of the system on or after July 1, 2011, and who has at least thirty-three (33) years of creditable service at the time of retirement may select the maximum retirement benefit or any optional benefit as provided in this subsection together with a partial lump-sum distribution.

The amount of the lump-sum distribution under this option shall be equal to the maximum monthly benefit multiplied by twelve (12), twenty-four (24) or thirty-six (36) as selected by the member. The maximum retirement benefit shall be actuarially reduced to reflect the amount of the lump-sum distribution selected and further reduced for any other optional benefit selected. The annuity and lump-sum distribution shall be computed to result in no actuarial loss to the system. The lump-sum distribution shall be made as a single payment payable at the time the first monthly annuity payment is paid to the retiree. The amount of the lump-sum distribution shall be deducted from the member's annuity savings account in computing what contributions remain at the death of the retiree and/or a beneficiary. The lump-sum distribution option may be elected only once by a member upon initial retirement, and may not be elected by a retiree, by members applying for a disability retirement annuity, or by survivors.

(2) No change in the option selected shall be permitted after the member's death or after the member has received his or her first retirement check except as provided in subsections (3) and (4) of this section and in Section 25-11-127. Members who are pursuing a disability retirement allowance and simultaneously or

later elect to begin to receive a service retirement allowance while continuing to pursue a disability retirement allowance, shall not be eligible to select Option 6 and that option may not be selected at a later time if the application for a disability retirement allowance is voided or denied. However, any retired member who is receiving a retirement allowance under Option 2 or Option 4-A upon July 1, 1992, and whose designated beneficiary predeceased him or her or whose marriage to a spouse who is his or her designated beneficiary is terminated by divorce or other dissolution, upon written notification to the retirement system of the death of the designated beneficiary or of the termination of the retired member's marriage to the designated beneficiary, the retirement allowance payable to the member after receipt of that notification by the retirement system shall be equal to the retirement allowance that would have been payable if the member had not elected the option. In addition, any retired member who is receiving the maximum retirement allowance for life, a retirement allowance under Option 1 or who is receiving a retirement allowance under Option 2 or Option 4-A on July 1, 1992, may elect to provide survivor benefits under Option 2 or Option 4-A to a spouse who was not previously the member's beneficiary and whom the member married before July 1, 1992.

(3) Any retired member who is receiving a reduced retirement allowance under Option 2 or Option 4-A whose designated beneficiary predeceases him or her, or whose marriage to a spouse who is his or her designated beneficiary is terminated by divorce or other dissolution, may elect to cancel the reduced retirement allowance and receive the maximum retirement allowance for life in an amount equal to the amount that would have been payable if the member had not elected Option 2 or Option 4-A. That election must be made in writing to the office of the executive director of the system on a form prescribed by the board. Any such election shall be effective the first of the month following the date the

election is received by the system; however, the election may be applied retroactively for not more than three (3) months but no earlier than the first of the month following the date of the death of the beneficiary.

(4) Any retired member who is receiving the maximum retirement allowance for life, or a retirement allowance under Option 1, and who marries after his or her retirement may elect to cancel the maximum retirement allowance and receive a reduced retirement allowance under Option 2 or Option 4-A to provide continuing lifetime benefits to his or her spouse. That election must be made in writing to the office of the executive director of the system on a form prescribed by the board not earlier than the date of the marriage. Any such election shall be effective the first of the month following the date the election is received by the system.

(5) If the election of an optional benefit is made after the member has attained the age of sixty-five (65) years, the actuarial equivalent factor shall be used to compute the reduced retirement allowance as if the election had been made on his or her sixty-fifth birthday; however, from and after January 1, 2003, if there is an election of Option 6 after the member has attained the age of sixty-five (65) years, the actuarial equivalent factor based on the retiree's age at the time of retirement shall be used to compute the reduced maximum monthly retirement allowance. However, if a retiree marries or remarries after retirement and elects either Option 2 or Option 4-A as provided in subsection (2) or (4) of this section, the actuarial equivalent factor used to compute the reduced retirement allowance shall be the factor for the age of the retiree and his or her beneficiary at the time such election for recalculation of benefits is made.

(6) Notwithstanding any provision of Section 25-11-1 et seq., no payments may be made for a retirement allowance on a

monthly basis for a period of time in excess of that allowed by federal law.

(7) If a retirant and his or her eligible beneficiary, if any, both die before they have received in annuity payments a total amount equal to the accumulated contributions standing to the retirant's credit in the annuity savings account at the time of his or her retirement, the difference between the accumulated contributions and the total amount of annuities received by them shall be paid to such persons as the retirant has nominated by written designation duly executed and filed in the office of the executive director. If no designated person survives the retirant and his or her beneficiary, the difference, if any, shall be paid under Section 25-11-117.1(1).

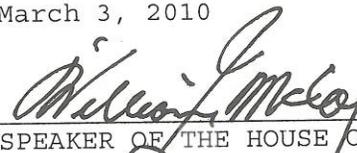

(8) Any retired member who retired on Option 2(5) or 4-A(5) before July 1, 1992, who is still receiving a retirement allowance on July 1, 1994, shall receive an increase in the annual retirement allowance effective July 1, 1994, equal to the amount they would have received under Option 2 or Option 4-A without a reduction for Option 5 based on the ages at retirement of the retiree and beneficiary and option factors in effect on July 1, 1992. That increase shall be prospective only.

SECTION 5. This act shall take effect and be in force from and after July 1, 2010.
