With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2012 do not exceed Fiscal Year 2011 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2011 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2011 appropriations for "Personal Services" when annualized, with the exception of escalated funds. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2011 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Unless otherwise authorized in this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation, reclassification, realignment, educational benchmark, career ladder, equity salary adjustment, or any other means to increase salaries of employees or positions

unless specifically exempted by the following conditions: the award of teacher salary increments; the advancement of a trainee/cadet to the next level of a bona fide career ladder; the award of an educational benchmark for the attainment of a Certified Public Accountant License or higher level professional certification based on information provided to the State Personnel Board by the Legislative Budget Office; the immediate replacement of a departing employee with an employee from within state service at a salary level of the departing employee or the Fiscal Year 2011 promotional formula, whichever is less; the emergency appointment of nurses, pharmacists or other health care and child protection professionals at a salary to be determined by the State Personnel Board; or a new hire associated with the American Recovery and Reinvestment Act of 2009. All positions supported by funds available through the American Recovery and Reinvestment Act of 2009 shall be designated as time-limited positions.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

SECTION 3. It is the intention of the Legislature that the Pearl River Valley Water Supply District shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be

in the same format and level of detail as maintained for Fiscal Year 2010. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2012 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2011 budget request process.

SECTION 4. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 5. The funds herein approved for expenditure, except and less an amount approved by the State Fiscal Officer which shall be sufficient to cover disbursements for current operations, shall be deposited at interest with any official depository of the state at a rate of interest numerically not less than one percent (1%) below the bank discount rate on United States Treasury bills of comparable maturity as determined by the State Treasurer.

SECTION 6. It is the intention of the Legislature that none of the funds provided herein shall be used to pay certain utilities for state furnished housing for any employees. Such utilities shall include electricity, natural gas, butane, propane, cable and phone services. Where actual cost cannot be determined, the agency shall be required to provide meters to be in compliance with legislative intent. Such state furnished housing shall include single-family and multi-family residences but shall not include any dormitory residences. Allowances for such utilities shall be prohibited.

SECTION 7. None of the funds approved for expenditure under this act may be expended by the Pearl River Valley Water Supply

District until the board of trustees of the district repeals any and all boating permit fees for boats of any length which fees, if any, shall hereinafter be set only by the Legislature.

SECTION 8. It is the intention of the Legislature that the agency shall compile cell phone usage records of any cellular phone (wireless communication device) that is assigned, issued or made available to any officer or employee in accordance with Section 25-53-191, Mississippi Code of 1972, and these records shall be made publicly available at the expense of the agency.

SECTION 9. It is legislative intent to ensure beneficial information reaches as many Mississippians as possible. Further, it is legislative intent that the expenditure of public funds for this purpose be accomplished in an efficient and effective manner.

Therefore, state agencies as standard procedure will observe the following criteria:

(b) Evaluate effectiveness through respected advertising standards, including market reach and cost effectiveness.

(c) Seek public service announcements, which would be aired by media without cost.

(d) Itemize and justify professional assistance and related expenses for creative and production costs outside of the actual media expenditures.

(e) Utilize Mississippi-owned media companies when feasible.

SECTION 10. It is the intention of the Legislature that this agency shall have the authority to receive, budget and expend funds from any source that may become available to them as a result of the passage of the American Recovery and Reinvestment Act of 2009 in accordance with the rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds.

The Executive Director of the Department of Finance and Administration shall have the authority to approve escalations of funds and employee positions using funds from any source available due to the passage of the American Recovery and Reinvestment Act of 2009.

The Executive Director of the Department of Finance and Administration shall immediately send notice of the approval of such budget escalation to the House of Representatives Appropriations Committee, the Senate Appropriations Committee and the Legislative Budget Office. Within fifteen (15) days of such approval, the Executive Director of the Department of Finance and Administration shall ensure that the Legislative Budget Office receives detailed and accurate information about the amount and use of federal and special source funds by state agencies as a result of the passage of the American Recovery and Reinvestment Act of 2009.

SECTION 11. Of the funds appropriated herein, Two Hundred Thousand Dollars ($200,000.00) is provided for salary increase for the purpose of funding overtime, callback or standby pay.

SECTION 12. No former employee who is receiving State of Mississippi retirement benefits shall be hired under contract for an amount exceeding Twenty Thousand Dollars ($20,000.00) a year without prior approval by an agency's proper governing board or authority. Upon approval of such contracts, a written report shall be submitted detailing the cost and need of such contract services to the Chairmen and members of the Senate and House Appropriations Committees.

SECTION 13. The money herein approved for expenditure shall be disbursed upon bank checks signed by the proper person, officer or officers, in the manner provided by law or in accordance with the provisions of a valid trust indenture.
