SENATE BILL NO. 3005

Originated in Senate

Liz Welch

Secretary

SENATE BILL NO. 3005

AN ACT MAKING AN APPROPRIATION FOR THE PURPOSE OF DEFRAYING THE EXPENSES OF THE MISSISSIPPI DEPARTMENT OF INFORMATION TECHNOLOGY SERVICES FOR FISCAL YEAR 2013.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. The following sum, or so much thereof as may be necessary, is hereby authorized for expenditure out of any special source funds, including, but not limited to, fund 3602, which are collected by or otherwise become available for the purpose of defraying the expenses of the Mississippi Department of Information Technology Services, for the fiscal year beginning July 1, 2012, and ending June 30, 2013 \$ 39,000,000.00.

SECTION 2. Of the funds appropriated under the provisions of this act, the following positions are authorized:

AUTHORIZED POSITIONS:

Permanent:	Full Time	152
	Part Time	0
Time-Limited:	Full Time	0
	Part Time	0

With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2014 do not exceed Fiscal Year 2013 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2013 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all

appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2013 appropriations for "Personal Services" when annualized, with the exception of escalated funds. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2013 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

SECTION 3. In addition to all other funds heretofore appropriated, the following sum is hereby appropriated out of any money in the State Treasury to the credit of the Wireless Communication Commission for the fiscal year beginning July 1, 2012, and ending June 30, 2013\$ 42,000,000.00.

Of the funds appropriated under the provisions of this act, the following positions are authorized:

AUTHORIZED POSITIONS:

Permanent:	Full Time	0
	Part Time	0
Time-Limited:	Full Time	5
	Part Time	0

The commission is hereby authorized to escalate federal funds and other funds in accordance with rules and regulations of the Department of Finance and Administration and up to a maximum of five (5) additional positions for a total of ten (10) positions, in order to provide services prescribed by Section 25-53-171, Mississippi Code of 1972.

SECTION 4. Of the funds appropriated under the provisions of Section 3, Two Million Dollars (\$2,000,000.00) shall be derived from the Capital Expense Fund.

SECTION 5. It is the intention of the Legislature that the Wireless Communication Commission (WCC) Staff will provide the WCC Legislative Advisors, as prescribed by Section 25-53-171 of the Mississippi Code of 1972, with a Strategic Plan to include recommendations for future sustainability opportunities. This plan will be delivered on or before December 1, 2012.

SECTION 6. It is the intention of the Legislature that none of the funds appropriated under the provisions of Section 3 for the Wireless Communication Commission (WCC) shall be expended for the purpose of making a payment of any kind or for any purpose, directly or indirectly, to a member of the State of Mississippi Legislature, State official, WCC member, or person who has been a member of the WCC within the last year.

SECTION 7. The Mississippi Department of Information Technology Services is hereby authorized to receive additional funds from any state agency or other source, including one hundred percent (100%) general-fund agencies, for the purpose of providing data processing or telecommunications services to any governmental organization contracting with the Mississippi Department of

Information Technology Services for such services. The Mississippi Department of Information Technology Services is further authorized to escalate an amount not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000.00) and to increase, up to a maximum of twenty (20) additional positions, the number of authorized positions listed in this act in order to provide the required data processing or telecommunications services for such governmental organizations, under the rules and regulations of the Department of Finance and Administration.

SECTION 8. It is the intent of the Legislature that the rates charged by this agency for services provided to the State must be consistent with the federal cost allocation guidelines outlined in the OMB Circular A-87, which provides that rates may recover the allowable cost of providing the given service but not over recover.

SECTION 9. It is the intention of the Legislature that the Department of Information Technology Services shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under the provisions of this act and that such records shall be in the same format and level of details as maintained for Fiscal Year 2012. It is further the intention of the Legislature that the budget request for Fiscal Year 2014 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2013 budget request process.

SECTION 10. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to

the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 11. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers, in the manner provided by law.

SECTION 12. This act shall take effect and be in force from and after July 1, 2012.
