Chapter No. 528
12/SS02/R869SG
JW / MA/JW

SENATE BILL NO. 2493

Originated in Senate Liz Welch Secretary

SENATE BILL NO. 2493

AN ACT TO AMEND SECTION 63-7-59, MISSISSIPPI CODE OF 1972, AS AMENDED BY SENATE BILL NO. 2321, 2012 REGULAR SESSION, TO REVISE THE REQUIREMENTS FOR A MEDICAL EXEMPTION FROM THE LAWS REGARDING WINDOW TINTS; TO EXEMPT GOVERNMENT-OWNED FIRE DEPARTMENT VEHICLES FROM THE WINDOW TINT LAW; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 63-7-59, Mississippi Code of 1972, as amended by Senate Bill No. 2321, 2012 Regular Session, is amended as follows:

63-7-59. (1) No person shall drive any motor vehicle required to be registered in this state upon the public roads, streets or highways in this state with any sign or poster, or with any glazing material which causes a mirrored effect, upon the front windshield, side wings or side or rear windows of the vehicle, other than a certificate or other paper required or authorized to be so displayed by law. No person shall drive any motor vehicle required to be registered in this state upon the public roads, streets or highways in this state with any tinted film, glazing material or darkening material of any kind on the windshield of a motor vehicle except material designed to replace or provide a sun shield in the uppermost area as authorized to be installed by manufacturers of vehicles under federal law.

(2) From and after July 1, 2006, no person shall drive any motor vehicle required to be registered in this state upon the public roads, streets or highways in this state with any window tinted or darkened, by tinted film or otherwise, unless:

(a) The windshield of the vehicle has affixed to it a label as provided under subsection (6) of this section certifying

that all the windows of the vehicle have a light transmittance of twenty-eight percent (28%) or more; or

(b) The owner or operator of the vehicle has a certificate of medical exemption issued under subsection (4) of this section.

(3) The prohibitions of subsection (2) of this section shall not apply to (a) school buses, other buses used for public transportation, any bus or van owned or leased by a nonprofit organization duly incorporated under the laws of this state or any funeral home services vehicle, any limousine owned or leased by a private or public entity, or any government-owned law enforcement or fire department vehicle or any volunteer fire department vehicle; (b) any window behind the front two (2) side windows, including the rear window, of any pickup truck, van, motor home, recreational vehicle, sport utility vehicle or multipurpose vehicle that has been tinted or darkened after factory delivery to the extent that the light transmittance of the window meets the minimum light transmittance requirements authorized to be installed for that window and for that vehicle under federal law or regulations before factory delivery; or (c) any other motor vehicle the windows of which have been tinted or darkened before factory delivery as permitted by federal law or federal regulations.

(4) Notwithstanding the provisions of subsection (2) of this section, it shall be lawful for any person who has been diagnosed by a * * * physician licensed to practice medicine in the State of Mississippi as having a physical condition or disease that is seriously aggravated by minimum exposure to sunlight to place or have placed upon the windshield or windows of any motor vehicle which he owns or operates or within which he regularly travels as a passenger tinted film or other darkening material that would otherwise be in violation of this section. However, any * * * vehicle, in order to be exempt under this subsection (4), shall

have prominently displayed on the vehicle dashboard a certificate of medical exemption on a form prepared by the Commissioner of Public Safety and signed by the person on whose behalf the certificate is issued. The special certificate authorized by this subsection (4) shall be issued free of charge to the applicants through the offices of the tax collectors of the counties. Each applicant shall present to the issuing official (a) an affidavit signed personally by the applicant and signed and attested by a physician which states the applicant's physical condition or disease which entitles him to an exemption under this subsection (4); and (b) proof of ownership of the motor vehicle by the applicant, or a signed affidavit by the owner of a motor vehicle operated for the use of the applicant, for which he is obtaining the certificate.

(5) The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of the vehicle.

(6) The Department of Public Safety shall issue labels to official motor vehicle inspection stations for affixing to the windshield of every motor vehicle required to be inspected in this state with a window therein which has been tinted or darkened with any tinted film or other darkening material after factory delivery. The label shall be affixed to the lower left corner of the windshield directly above the certificate of inspection, shall be legible from outside the vehicle, and shall indicate the label registration number, a certification of compliance with Mississippi law, and such other information as the Commissioner of Public Safety deems appropriate. The labels shall be of a type which is pressure-sensitive, self-destructive upon removal, and no larger than one (1) inch square in size. Before affixing the label, the inspection station shall conduct a test to determine that the window complies with the light transmittance requirements

prescribed under subsection (2) of this section. The test shall be conducted using such methods or devices as may be approved and certified not less often than annually by the Department of Public Safety. An inspection station shall not be required by the department to enter into a bond separate and apart from any bond required for official inspection stations as provided under Section 63-13-5, but the bond required under Section 63-13-5 shall be considered entirely sufficient for the purposes of this section. For conducting such tests, motor vehicle inspection stations shall charge and collect a fee of Five Dollars ($5.00). Two Dollars ($2.00) of the fee shall be retained by the inspection station, and Three Dollars ($3.00) of the fee shall be remitted to the Department of Public Safety and may be expended, upon legislative appropriation, for the operational expenses of the department. No fee shall be charged unless a test is actually performed under this subsection (6), and no inspection station shall be required to perform a test to determine if the windows of a motor vehicle have been tinted or darkened with any tinted film or other darkening material after factory delivery so long as the inspection station does not issue a motor vehicle inspection certificate for any such vehicle. The presence of a label upon the windshield of a motor vehicle shall indicate that the person who affixed the label certifies that the windows of the vehicle meet the restrictions of subsection (2) of this section as to light transmittance.

(7) No person shall install any tinted film, darkening material, glazing material or any other material upon the windshield or any window of a motor vehicle which, after the installation thereof, would result in such vehicle being in violation of subsection (2) of this section.

(8) No motor vehicle inspection certificate shall be issued for a vehicle on which the windshield or any window of the vehicle has been darkened by the installation of tinted film or by other

means, except as authorized under this section. Inspection certificates may be issued for motor vehicles having labels affixed pursuant to subsection (6) of this section and for motor vehicles for which a certificate of medical exemption has been issued pursuant to subsection (4) of this section.

(9) It shall be unlawful for any person to alter or reproduce any label or certificate of medical exemption approved by the Commissioner of Public Safety under this section for the purpose of misleading law enforcement officers or motor vehicle inspection stations, or to knowingly use any approved label or certificate except as authorized by this section.

(10) Any person violating subsection (7), (8) or (9) of this section, upon conviction, shall be punished by a fine of not more than One Thousand Dollars ($1,000.00), or imprisonment in the county jail for not more than three (3) months, or by both such fine and imprisonment.

(11) Any violation of this section other than a violation of subsection (7), (8) or (9) of this section shall be punishable upon conviction as provided in Section 63-7-7.

(12) Violations of this section shall be enforced only by law enforcement officers of the Mississippi Department of Public Safety and municipal law enforcement officers of municipalities having a population of two thousand (2,000) or more on the public roads, streets and highways under their jurisdiction.

(13) The Department of Public Safety shall initiate a public awareness program designed to inform and educate persons of the provisions of this section. Funds for such public awareness program shall be available through the office of the Governor's representative for highway safety programs.

SECTION 2. This act shall take effect and be in force from and after July 1, 2012.
