SECTION 2. The following sum, or so much thereof as may be necessary, is appropriated out of any money in any special fund in the State Treasury to the credit of the Department of Wildlife, Fisheries and Parks which is comprised of special source funds collected by or otherwise available to the department for the support and maintenance of the department, including the Museum of Natural Science and the Bureau of Parks and Recreation, for the fiscal year beginning July 1, 2014, and ending June 30, 2015.....

..... \$ 63,722,438.00.

The following sum, which is included in the sum appropriated above in this section, is appropriated out of the state excise taxes upon gasoline, oil and other petroleum products to the Fisheries and Wildlife Fund for the fiscal year beginning July 1, 2014, and ending June 30, 2015..... \$ 5,750,000.00.

The State Tax Commission is directed to set aside the amount of this appropriation or any part thereof at any time it sees fit, out of any collections of taxes upon gasoline, oil and other petroleum products, and to deduct the amounts so set aside from such funds before making distribution thereof. However, provisions shall first be made for the Highway Bonds Sinking Fund, as required under the provisions of Chapter 130, Laws of 1938, and any amendments thereto, and Section 27-5-101, Mississippi Code of 1972.

Any funds available in the Wildlife Heritage Fund may be expended by the Commission on Wildlife, Fisheries and Parks as authorized by law. The department shall make a detailed report to the Legislature regarding the spending of the Wildlife Heritage funds by September 1 for the preceding fiscal year.

With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2016 do not exceed Fiscal Year 2015 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2015 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all

It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2015 appropriations for "Personal Services" when annualized, with the exception of escalated funds. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2015 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Funds are provided herein for a One Thousand Dollar (\$1,000.00) salary increase for full-time employees, or pro-rated for part-time employees, which shall be awarded to each employee that has not received a salary increase since July 1, 2010, and that is making an annual salary of less than Thirty Thousand Dollars (\$30,000.00) as of June 30, 2014.

The State Personnel Board shall not approve or process personnel action for any employee unless the employee has not received a salary increase since July 1, 2010, and for such an employee the increased amount shall not exceed Five Percent (5%); however, the following conditions are to be exempted: the award of teacher salary increments; the advancement of a trainee/cadet

to the next level of a bona fide career ladder; the award of an educational benchmark for the attainment of a Certified Public Accountant License or higher level professional certification; the immediate replacement of a departing employee with an employee from within state service at a salary level of the departing employee or the FY 2015 promotional formula, whichever is less; the emergency appointment of nurses, pharmacists or other health care and child protection professionals at a salary to be determined by the State Personnel Board or any other requested action of the agency that has been specifically authorized by the Legislature.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

SECTION 6. Each conservation officer and supervisor shall be furnished an allowance for uniforms not to exceed Five Hundred Fifty Dollars (\$550.00) per annum.

Provided further, when any personnel of the Bureau of Wildlife and Fisheries are transferred from one (1) county to another on a permanent assignment, the expense monies now paid on out-of-county duty shall not be applicable.

SECTION 7. It is the intention of the Legislature that the Department of Wildlife, Fisheries and Parks shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2014.
