BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

**SECTION 1.** Section 7-7-211, Mississippi Code of 1972, is amended as follows:

7-7-211. The department shall have the power and it shall be its duty:

(a) To identify and define for all public offices of the state and its subdivisions generally accepted accounting principles or other accounting principles as promulgated by nationally recognized professional organizations and to consult with the State Fiscal Officer in the prescription and implementation of accounting rules and regulations;

(b) To provide best practices, for all public offices of regional and local subdivisions of the state, systems of accounting, budgeting and reporting financial facts relating to said offices in conformity with legal requirements and with generally accepted accounting principles or other accounting principles as promulgated by nationally recognized professional organizations; to assist such subdivisions in need of assistance in the installation of such systems; to revise such systems when deemed necessary, and to report to the Legislature at periodic times the extent to which each office is maintaining such systems, along with such recommendations to the Legislature for improvement as seem desirable;

(c) To study and analyze existing managerial policies, methods, procedures, duties and services of the various state departments and institutions upon written request of the Governor, the Legislature or any committee or other body empowered by the Legislature to make such request to determine whether and where operations can be eliminated, combined, simplified and improved;

(d) To postaudit each year and, when deemed necessary, preaudit and investigate the financial affairs of the departments, institutions, boards, commissions or other agencies of state government, as part of the publication of a comprehensive annual financial report for the State of Mississippi, or as deemed necessary by the State Auditor. In complying with the requirements of this paragraph, the department shall have the authority to conduct all necessary audit procedures on an interim and year-end basis;

(e) To postaudit and, when deemed necessary, preaudit and investigate separately the financial affairs of (i) the offices, boards and commissions of county governments and any departments and institutions thereof and therein; (ii) public school districts, departments of education and junior college districts; and (iii) any other local offices or agencies which share revenues derived from taxes or fees imposed by the State Legislature or receive grants from revenues collected by governmental divisions of the state; the cost of such audits, investigations or other services to be paid as follows: Such part

shall be paid by the state from appropriations made by the Legislature for the operation of the State Department of Audit as may exceed the sum of Thirty Dollars (\$30.00) per man hour for the services of each staff person engaged in performing the audit or other service plus the actual cost of any independent specialist firm contracted by the State Auditor to assist in the performance of the audit, which sum shall be paid by the county, district, department, institution or other agency audited out of its general fund or any other available funds from which such payment is not prohibited by law. Costs paid for independent specialists or firms contracted by the State Auditor shall be paid by the audited entity through the State Auditor to the specialist or firm conducting the postaudit.

Each school district in the state shall have its financial records audited annually, at the end of each fiscal year, either by the State Auditor or by a certified public accountant approved by the State Auditor. Beginning with the audits of fiscal year 2010 activity, no certified public accountant shall be selected to perform the annual audit of a school district who has audited that district for three (3) or more consecutive years previously. Certified public accountants shall be selected in a manner determined by the State Auditor. The school district shall have the responsibility to pay for the audit, including the review by the State Auditor of audits performed by certified public accountants;

(f) To postaudit and, when deemed necessary, preaudit and investigate the financial affairs of the levee boards; agencies created by the Legislature or by executive order of the Governor; profit or nonprofit business entities administering programs financed by funds flowing through the State Treasury or through any of the agencies of the state, or its subdivisions; and all other public bodies supported by funds derived in part or wholly from public funds, except municipalities which annually submit an audit prepared by a qualified certified public accountant using methods and procedures prescribed by the department;

(g) To make written demand, when necessary, for the recovery of any amounts representing public funds improperly withheld, misappropriated and/or otherwise illegally expended by an officer, employee or administrative body of any state, county or other public office, and/or for the recovery of the value of any public property disposed of in an unlawful manner by a public officer, employee or administrative body, such demands to be made (i) upon the person or persons liable for such amounts and upon the surety on official bond thereof, and/or (ii) upon any individual, partnership, corporation or association to whom the illegal expenditure was made or with whom the unlawful disposition of public property was made, if such individual, partnership, corporation or association knew or had reason to know through the exercising of reasonable diligence that the expenditure was

illegal or the disposition unlawful. Such demand shall be premised on competent evidence, which shall include at least one (1) of the following: (i) sworn statements, (ii) written documentation, (iii) physical evidence, or (iv) reports and findings of government or other law enforcement agencies. Other provisions notwithstanding, a demand letter issued pursuant to this paragraph shall remain confidential by the State Auditor until the individual against whom the demand letter is being filed has been served with a copy of such demand letter. If, however, such individual cannot be notified within fifteen (15) days using reasonable means and due diligence, such notification shall be made to the individual's bonding company, if he or she is bonded. Each such demand shall be paid into the proper treasury of the state, county or other public body through the office of the department in the amount demanded within thirty (30) days from the date thereof, together with interest thereon in the sum of one percent (1%) per month from the date such amount or amounts were improperly withheld, misappropriated and/or otherwise illegally expended. In the event, however, such person or persons or such surety shall refuse, neglect or otherwise fail to pay the amount demanded and the interest due thereon within the allotted thirty (30) days, the State Auditor shall have the authority and it shall be his duty to institute suit, and the Attorney General shall prosecute the same in any court of the state to the end that there shall be recovered the total of such amounts from the person or

persons and surety on official bond named therein; and the amounts so recovered shall be paid into the proper treasury of the state, county or other public body through the State Auditor. In any case where written demand is issued to a surety on the official bond of such person or persons and the surety refuses, neglects or otherwise fails within one hundred twenty (120) days to either pay the amount demanded and the interest due thereon or to give the State Auditor a written response with specific reasons for nonpayment, then the surety shall be subject to a civil penalty in an amount of twelve percent (12%) of the bond, not to exceed Ten Thousand Dollars (\$10,000.00), to be deposited into the State General Fund;

(h) To investigate any alleged or suspected violation of the laws of the state by any officer or employee of the state, county or other public office in the purchase, sale or the use of any supplies, services, equipment or other property belonging thereto; and in such investigation to do any and all things necessary to procure evidence sufficient either to prove or disprove the existence of such alleged or suspected violations. The Department of Investigation of the State Department of Audit may investigate, for the purpose of prosecution, any suspected criminal violation of the provisions of this chapter. For the purpose of administration and enforcement of this chapter, the enforcement employees of the Department of Investigation of the State Department of Audit have the powers of a law enforcement

officer of this state, and shall be empowered to make arrests and to serve and execute search warrants and other valid legal process anywhere within the State of Mississippi. All enforcement employees of the Department of Investigation of the State Department of Audit hired on or after July 1, 1993, shall be required to complete the Law Enforcement Officers Training Program and shall meet the standards of the program;

The circuit or chancery judge must serve the county in which the records, documents or other evidence is located; or where all or part of the transaction or transactions occurred which are the subject of the subpoena;

(j) In any instances in which the State Auditor is or shall be authorized or required to examine or audit, whether preaudit or postaudit, any books, ledgers, accounts or other records of the affairs of any public hospital owned or owned and operated by one or more political subdivisions or parts thereof or any combination thereof, or any school district, including activity funds thereof, it shall be sufficient compliance therewith, in the discretion of the State Auditor, that such

examination or audit be made from the report of any audit or other examination certified by a certified public accountant and prepared by or under the supervision of such certified public accountant. Such audits shall be made in accordance with generally accepted standards of auditing, with the use of an audit program prepared by the State Auditor, and final reports of such audits shall conform to the format prescribed by the State Auditor. All files, working papers, notes, correspondence and all other data compiled during the course of the audit shall be available, without cost, to the State Auditor for examination and abstracting during the normal business hours of any business day. The expense of such certified reports shall be borne by the respective hospital, or any available school district funds other than minimum program funds, subject to examination or audit. The State Auditor shall not be bound by such certified reports and may, in his or their discretion, conduct such examination or audit from the books, ledgers, accounts or other records involved as may be appropriate and authorized by law;

(k) The State Auditor shall have the authority to contract with qualified public accounting firms to perform selected audits required in paragraphs (d), (e), (f) and (j) of this section, if funds are made available for such contracts by the Legislature, or if funds are available from the governmental entity covered by paragraphs (d), (e), (f) and (j). Such audits shall be made in accordance with generally accepted standards of

auditing. All files, working papers, notes, correspondence and all other data compiled during the course of the audit shall be available, without cost, to the State Auditor for examination and abstracting during the normal business hours of any business day;

(l) The State Auditor shall have the authority to establish training courses and programs for the personnel of the various state and local governmental entities under the jurisdiction of the Office of the State Auditor. The training courses and programs shall include, but not be limited to, topics on internal control of funds, property and equipment control and inventory, governmental accounting and financial reporting, and internal auditing. The State Auditor is authorized to charge a fee from the participants of these courses and programs, which fee shall be deposited into the Department of Audit Special Fund. State and local governmental entities are authorized to pay such fee and any travel expenses out of their general funds or any other available funds from which such payment is not prohibited by law;

(m) Upon written request by the Governor or any member of the State Legislature, the State Auditor may audit any state funds and/or state and federal funds received by any nonprofit corporation incorporated under the laws of this state;

(n) To conduct performance audits of personal or professional service contracts by state agencies on a random

sampling basis, or upon request of the State Personal Service Contract Review Board under Section 25-9-120(3) \* \* \*; and

(o) At the discretion of the State Auditor, the Auditor may conduct risk assessments, as well as performance and compliance audits based on Generally Accepted Government Auditing Standards (GAGAS) of any state-funded economic development program authorized under Title 57, Mississippi Code of 1972. After risk assessments or program audits, the State Auditor may conduct audits of those projects deemed high-risk, specifically as they identify any potential wrongdoing or noncompliance based on objectives of the economic development program. The Auditor is granted authority to gather, audit and review data and information from the Mississippi Development Authority or any of its agents, the Department of Revenue, and when necessary under this paragraph, the recipient business or businesses or any other private, public or nonprofit entity with information relevant to the audit project. The maximum amount the State Auditor may bill the oversight agency under this paragraph in any fiscal year is One Hundred Thousand Dollars (\$100,000.00), based on reasonable and necessary expenses.

**SECTION 2.** Section 57-61-11, Mississippi Code of 1972, is amended as follows:

57-61-11. The Mississippi Development Authority shall establish such guidelines, rules and regulations for the repayment of funds loaned pursuant to this chapter as may be necessary.

These provisions shall include, but not be limited to, the following:

(a) Funds may be loaned for a maximum of ten (10) years or the estimated useful life of the property as established by the United States Department of Treasury, whichever is greater.

(b) The rate of interest charged by the Mississippi Development Authority for improvements not on publicly owned property may be negotiated by the Mississippi Development Authority.

(c) For all improvements funded through this chapter which occur on publicly owned property, repayment of funds loaned may, in the discretion of the Mississippi Development Authority, involve only the principal amount loaned with no interest charged thereon.

(d) An audit by a certified public accountant of all costs of a project hereunder must be submitted to the Mississippi Development Authority not later than ninety (90) days after a project's completion. Such an audit shall certify that all of the funds loaned or granted pursuant to this chapter were disbursed in accordance with the terms of this chapter and shall be paid for by the private company benefited by the project. In addition to the audit required under this paragraph, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(e) Notwithstanding the foregoing, in the case of an application under Section 57-61-9(5) (a), the guidelines shall include, but not be limited to, the following:

(i) Funds may be loaned for a maximum of twenty (20) years, or the estimated useful life of improvements on the land areas of the port, whichever is greater.

(ii) The rate of interest charged by the Mississippi Development Authority for loans for port projects may be negotiated by the Mississippi Development Authority and shall be consistent with Section 57-61-11(b) and (c).

(iii) The total of grants and loans to any one (1) state-owned port made pursuant to an application under Section 57-61-9(5) (a) shall not exceed Twenty Million Dollars (\$20,000,000.00).

(iv) Before any loan or grant may be made under Section 57-61-9(5) (a) to a state-owned port bordering the Gulf of Mexico, the applicant shall make adequate assurance to the Mississippi Development Authority that federal participation in the cost of the project or projects has been committed contingent only upon availability of local participation in accordance with federal guidelines.

(v) Notwithstanding any provision of this chapter to the contrary, the Mississippi Development Authority shall utilize not more than Four Million Dollars (\$4,000,000.00) out of the proceeds of bonds authorized to be issued in this chapter to

be made available as interest-bearing loans to state-owned ports for the purpose of repairing, renovating, maintaining and improving the state-owned port. The Mississippi Development Authority shall establish an amortization schedule for the repayment of any loans made pursuant to this subparagraph. The state-owned port shall not spend any revenues for other purposes unless payments on the loan are being timely made according to the amortization schedule. The match requirements of this section and Section 57-61-9 shall not apply to any loan made pursuant to this subparagraph.

(f) Notwithstanding any provision of this chapter to the contrary, the Mississippi Development Authority shall utilize not more than Three Million Dollars (\$3,000,000.00) out of the proceeds of bonds authorized to be issued in this chapter for the purpose of making loans to municipalities operating county-owned ports or municipally owned ports for the purpose of acquiring land, buildings and other improvements and for repairing, renovating, maintaining and improving such ports. The Mississippi Development Authority shall establish an amortization schedule for the repayment of any loans made pursuant to this paragraph (f). A municipality shall not spend any port revenues for other purposes unless payments on the loan are being timely made according to the amortization schedule.

**SECTION 3.** Section 57-62-9, Mississippi Code of 1972, is amended as follows:

**[For businesses or industries that received or applied for incentive payments prior to July 1, 2005, this section shall read as follows:]**

57-62-9. (1) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed the amount of money previously paid into the fund by the employer. A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years

after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10)

years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and

(ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) In order to qualify to receive such payments, the establishment applying shall be required to:

(a) Be engaged in a qualified business or industry;

(b) Provide an average salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for this requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must create and maintain a minimum of ten (10) full-time jobs in counties that have an average unemployment rate over the previous twelve-month period which is at least one hundred fifty percent (150%) of the most recently published state unemployment rate, as determined by the

Mississippi Department of Employment Security or in Tier Three counties as determined under Section 57-73-21. In all other counties, the business or industry must create and maintain a minimum of twenty-five (25) full-time jobs. The criteria for this requirement shall be based on the designation of the county at the time of the application. The threshold established upon the application will remain constant for the duration of the project.

The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval.

However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) The MDA shall determine if the applicant is qualified to receive incentive payments. If the applicant is determined to be qualified by the MDA, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for a period not to exceed ten (10) years and to estimate the amount of gross payroll for the period. If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and

to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and

compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

**[For businesses or industries that received or applied for incentive payments from and after July 1, 2005, but prior to July 1, 2010, this section shall read as follows:]**

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a

calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed:

(i) Ninety percent (90%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser;

(ii) Eighty percent (80%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) but less than one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser; or

(iii) Seventy percent (70%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of less than one hundred

twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined

by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the

minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the

adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area

and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

**[For businesses or industries that apply for incentive payments from and after July 1, 2010, this section shall read as follows:]**

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during such period, excluding benefits which are not subject to Mississippi income taxes.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(c) A qualified business or industry as defined in Section 57-62-5(a)(iii) may elect the date upon which the ten-year period will begin and may elect to begin receiving incentive payments as early as the second quarter after that date. Incentive payments will be calculated on all jobs above the existing number of jobs as of the date the MDA determines that the applicant is qualified to receive incentive payments. In the event that the qualified business or industry falls below the number of existing jobs at the time of determination that the applicant is qualified to receive the incentive payment, the incentive payment shall cease until the qualified business or industry once again exceeds that number. If after forty-eight (48) months, the qualified business or industry has failed to create at least three thousand (3,000) new direct jobs, incentive payments shall cease and the qualified business or industry shall not be qualified to receive further incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed

five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive

incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum

number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) Except as otherwise provided for a qualified business or industry as defined in Section 57-62-5(a)(iii), the business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this

section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct an analysis to estimate the amount of gross payroll for the appropriate additional period. Incentive payments, cumulatively, shall not exceed ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during the additional period, excluding benefits which are not subject to Mississippi income taxes. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the minimum job and salary requirements. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The

qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(vii) Loan proceeds shall not be used to pay off existing debt for loan consolidation purposes; to finance the acquisition, construction, improvement or operation of real property which is to be held primarily for sale or investment; to

provide for, or free funds, for speculation in any kind of property; or as a loan to owners, partners or stockholders of the applicant which do not change ownership interest by the applicant. However, this does not apply to ordinary compensation for services rendered in the course of business.

(c) Notwithstanding any other provision of this subsection to the contrary, if federal funds are not available for commitments made by a planning and development district to provide assistance under any federal loan program administered by the planning and development district in coordination with the Appalachian Regional Commission or Economic Development Administration, or both, a planning and development district may use funds in its loan revolving fund, which have not been committed otherwise to provide assistance, for the purpose of providing temporary funding for such commitments. If a planning

and development district uses uncommitted funds in its loan revolving fund to provide such temporary funding, the district shall use funds repaid to the district under the temporarily funded federal loan program to replenish the funds used to provide the temporary funding. Funds used by a planning and development district to provide temporary funding under this paragraph (c) must be repaid to the district's loan revolving fund no later than twelve (12) months after the date the district provides the temporary funding. A planning and development district may not use uncommitted funds in its loan revolving fund to provide temporary funding under this paragraph (c) on more than two (2) occasions during a calendar year. A planning and development district may provide temporary funding for multiple commitments on each such occasion. and development district or qualified entity becomes entitled under this subsection. If the Mississippi Development Authority determines, after notifying such planning and development district or qualified entity twice in writing and providing such planning and development district or qualified entity a reasonable opportunity to comply, that a planning and development district or qualified entity has consistently failed to comply with this subsection, the Mississippi Development Authority may declare such planning and development district or qualified entity in default under this subsection and, upon receipt of notice thereof from the Mississippi Development Authority, such planning and development district or qualified entity shall immediately cease providing loans under this subsection, shall refund to the Mississippi Development Authority for distribution to other planning and development districts or qualified entities all funds held in its revolving loan fund and, if required by the Mississippi Development Authority, shall convey to the Mississippi Development Authority all administrative and management control of loans provided by it under this subsection.

planning and development district or qualified entity a reasonable opportunity to take corrective action, that a planning and development district or qualified entity administering a revolving loan fund under the provisions of this subsection is not actively engaged in lending as defined by the rules and regulations of the Mississippi Development Authority, the Mississippi Development Authority may declare such planning and development district or qualified entity in default under this subsection and, upon receipt of notice thereof from the Mississippi Development Authority, such planning and development district or qualified entity shall immediately cease providing loans under this subsection, shall refund to the Mississippi Development Authority for distribution to other planning and development districts or qualified entities all funds held in its revolving loan fund and, if required by the Mississippi Development Authority, shall convey to the Mississippi Development Authority all administrative and management control of loans provided by it under this subsection.
