With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2015 do not exceed Fiscal Year 2014 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2014 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2014 appropriations for "Personal Services" when annualized, with the exception of escalated funds. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2014 "Personal Services"

appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Unless otherwise authorized in this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation, reclassification, realignment, educational benchmark, career ladder, equity salary adjustment, or any other means to increase salaries of employees or positions unless specifically exempted by the following conditions: the award of teacher salary increments; the advancement of a trainee/cadet to the next level of a bona fide career ladder; the award of an educational benchmark for the attainment of a Certified Public Accountant License or higher level professional certification; the immediate replacement of a departing employee with an employee from within state service at a salary level of the departing employee or the FY2014 promotional formula, whichever is less; the emergency appointment of nurses, pharmacists or other health care and child protection professionals at a salary to be determined by the State Personnel Board or any other requested action of the agency that has been specifically authorized by the Legislature.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State

Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

SECTION 4. It is the intention of the Legislature that the Pat Harrison Waterway District shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2013. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2015 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2014 budget request process.

SECTION 5. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind

shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 6. The funds herein approved for expenditure, except and less an amount approved by the State Fiscal Officer which shall be sufficient to cover disbursements for current operations, shall be deposited at interest with any official depository of the state at a rate of interest numerically not less than one percent (1%) below the bank discount rate on United States Treasury bills of comparable maturity as determined by the State Treasurer.

Such special funds shall consist of and be derived from the Maintenance Reserve Fund for the purpose of emergency repairs of cabins located on the district's property.

SECTION 8. The Pat Harrison Waterway District is authorized to (a) expend funds that it receives under the provisions of the federal American Recovery and Reinvestment Act of 2009 (ARRA) to

construct a lake and related structures and facilities in George County, Mississippi, if the ARRA funds received by the district may be used for that purpose; (b) obtain any information and research regarding construction of the lake and related structures and facilities from the Department of Wildlife, Fisheries and Parks; and (c) receive and expend any funds made available to the district from the department for the construction of the lake and related structures and facilities.
