AN ACT TO REQUIRE HEALTH INSURANCE PLANS IN THIS STATE TO PROVIDE COVERAGE FOR TELEMEDICINE SERVICES TO THE SAME EXTENT THAT THE SERVICES WOULD BE COVERED IF THEY WERE PROVIDED THROUGH IN-PERSON CONSULTATION; TO DEFINE THE TERMS "HEALTH INSURANCE PLAN" AND "TELEMEDICINE"; TO AUTHORIZE HEALTH CARE PRACTITIONERS LICENSED IN THIS STATE TO PROVIDE TREATMENT RECOMMENDATIONS TO A PATIENT AFTER HAVING PERFORMED AN APPROPRIATE EXAMINATION OF THE PATIENT THROUGH TELEMEDICINE; TO AMEND SECTION 25-15-9, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PRECEDING PROVISIONS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. (1) As used in this section:

(a) "Health insurance plan" means any health insurance policy or health benefit plan offered by a health insurer, and includes the State and School Employees Health Insurance Plan and any other public health care assistance program offered or administered by the state or any political subdivision or instrumentality of the state. The term does not include policies or plans providing coverage for specified disease or other limited benefit coverage.

(b) "Health insurer" means any health insurance company, nonprofit hospital and medical service corporation, health maintenance organization, preferred provider organization, managed care organization, pharmacy benefit manager, and, to the extent permitted under federal law, any administrator of an insured, self-insured or publicly funded health care benefit plan offered by public and private entities, and other parties that are by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service.

(c) "Telemedicine" means the delivery of health care services such as diagnosis, consultation, or treatment through the use of interactive audio, video, or other electronic media. Telemedicine must be "real-time" consultation, and it does not include the use of audio-only telephone, e-mail, or facsimile.

(2) All health insurance plans in this state must provide coverage for telemedicine services to the same extent that the services would be covered if they were provided through in-person consultation.

(3) A health insurance plan may charge a deductible, co-payment, or coinsurance for a health care service provided through telemedicine so long as it does not exceed the deductible, co-payment, or coinsurance applicable to an in-person consultation.

(4) A health insurance plan may limit coverage to health care providers in a telemedicine network approved by the plan.

(5) Nothing in this section shall be construed to prohibit a health insurance plan from providing coverage for only those services that are medically necessary, subject to the terms and conditions of the covered person's policy.

(6) In a claim for the services provided, the appropriate procedure code for the covered services shall be included with the appropriate modifier indicating interactive communication was used.

(7) The originating site is eligible to receive a facility fee, but facility fees are not payable to the distant site.

SECTION 2. Subject to the limitations of the license under which the individual is practicing, a health care practitioner licensed in this state may prescribe, dispense, or administer drugs or medical supplies, or otherwise provide treatment recommendations to a patient after having performed an appropriate examination of the patient either in person or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically. Treatment recommendations made via electronic means, including issuing a prescription via electronic means, shall be held to the same standards of appropriate practice as those in traditional provider-patient settings.

SECTION 3. Section 25-15-9, Mississippi Code of 1972, is amended as follows:

[Through June 30 of the year in which Section 25-11-143 becomes effective as provided in subsection (1) of Section 25-11-143, this section shall read as follows:]

25-15-9. (1) (a) The board shall design a plan of health insurance for state employees that provides benefits for semiprivate rooms in addition to other incidental coverages that the board deems necessary. The amount of the coverages shall be in such reasonable amount as may be determined by the board to be adequate, after due consideration of current health costs in Mississippi. The plan shall also include major medical benefits in such amounts as the board determines. The plan shall provide for coverage for telemedicine services as provided in Section 1 of this act. The board is also authorized to accept bids for such alternate coverage and optional benefits as the board deems proper. Any contract for alternative coverage and optional benefits shall be awarded by the board after it has carefully studied and evaluated the bids and selected the best and most cost-effective bid. The board may reject all of the bids; however, the board shall notify all bidders of the rejection and shall actively solicit new bids if all bids are rejected. The board may employ or contract for such consulting or actuarial services as may be necessary to formulate the plan, and to assist the board in the preparation of specifications and in the process of advertising for the bids for the plan. Those contracts shall be solicited and entered into in accordance with Section 25-15-5.

The board shall keep a record of all persons, agents and corporations who contract with or assist the board in preparing and developing the plan. The board in a timely manner shall provide copies of this record to the members of the advisory council created in this section and those legislators, or their designees, who may attend meetings of the advisory council. The board shall provide copies of this record in the solicitation of bids for the administration or servicing of the self-insured program. Each person, agent or corporation that, during the previous fiscal year, has assisted in the development of the plan or employed or compensated any person who assisted in the development of the plan, and that bids on the administration or servicing of the plan, shall submit to the board a statement accompanying the bid explaining in detail its participation with the development of the plan. This statement shall include the amount of compensation paid by the bidder to any such employee during the previous fiscal year. The board shall make all such information available to the members of the advisory council and those legislators, or their designees, who may attend meetings of the advisory council before any action is taken by the board on the bids submitted. The failure of any bidder to fully and accurately comply with this paragraph shall result in the rejection of any bid submitted by that bidder or the cancellation of any contract executed when the failure is discovered after the acceptance of that bid. The board is authorized to promulgate

rules and regulations to implement the provisions of this subsection.

The board shall develop plans for the insurance plan authorized by this section in accordance with the provisions of Section 25-15-5.

Any corporation, association, company or individual that contracts with the board for the third-party claims administration of the self-insured plan shall prepare and keep on file an explanation of benefits for each claim processed. The explanation of benefits shall contain such information relative to each processed claim that the board deems necessary, and, at a minimum, each explanation shall provide the claimant's name, claim number, provider number, provider name, service dates, type of services, amount of charges, amount allowed to the claimant and reason codes. The information contained in the explanation of benefits shall be available for inspection upon request by the board. The board shall have access to all claims information utilized in the issuance of payments to employees and providers.

(b) There is created an advisory council to advise the board in the formulation of the State and School Employees Health Insurance Plan. The council shall be composed of the State Insurance Commissioner, or his designee, an employee-representative of the institutions of higher learning appointed by the board of trustees thereof, an employee-representative of the Department of Transportation

The appointing authorities may designate an alternate member from their respective houses to serve when the regular designee is unable to attend the meetings

of the council. Those designees shall have no jurisdiction or vote on any matter within the jurisdiction of the council. For attending meetings of the council, the legislators shall receive per diem and expenses, which shall be paid from the contingent expense funds of their respective houses in the same amounts as provided for committee meetings when the Legislature is not in session; however, no per diem and expenses for attending meetings of the council will be paid while the Legislature is in session. No per diem and expenses will be paid except for attending meetings of the council without prior approval of the proper committee in their respective houses.

(c) No change in the terms of the State and School Employees Health Insurance Plan may be made effective unless the board, or its designee, has provided notice to the State and School Employees Health Insurance Advisory Council and has called a meeting of the council at least fifteen (15) days before the effective date of the change. If the State and School Employees Health Insurance Advisory Council does not meet to advise the board on the proposed changes, the changes to the plan shall become effective at such time as the board has informed the council that the changes shall become effective.
