Dear Mr. Taylor:

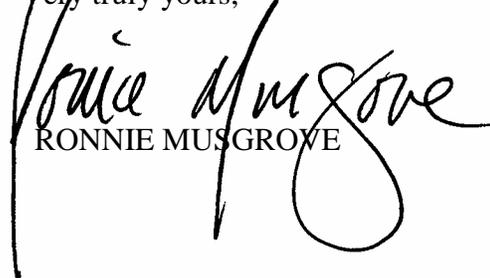

Please join me at the Governor's Mansion on February 6, 2003, as we celebrate Mississippi's accomplishment of becoming the first state in the nation with Internet-accessible computers in every public classroom.

Your support has been instrumental to the state's success. The public-private partnership formed to accomplish this goal is one of the largest, most successful partnerships ever. Mississippi's schoolchildren are the real winners from the success of this initiative. Whether they are in Booneville, Benoit, or Bay St. Louis, our children now have access in their classrooms to the greatest resource the world has ever known. These students will learn more and prepare better for tomorrow's jobs than ever before.

We will begin with a press conference at the Governor's Mansion at 4:30 P.M. with a reception following. Please reply to Ms. Cora Gee at 601-359-6420 or via email cgee@governor.state.ms.us.
