Task Force Members
Suggested Talking Points

- I am honored to have been selected to serve on the Governor's Task Force. I look forward to working with the other task force members as we develop our plans to meet the Governor's goal.
- The Governor has charged us with the goal of placing an Internet accessible computer in every public elementary and secondary classroom in Mississippi by the end of 2002, and the task force will do everything in our power to make that happen.
- We are being challenged to help make the educational tools available to Mississippi students better, and that is an important and exciting opportunity for us as task force members.
