

Statement from Governor Ronnie Musgrove:

“We’ve been working hard, and we’re pleased with the progress that’s being made. I am confident the plan I offered last week will help the 650,000 Mississippians who depend on Medicaid for their health care. I appreciate the work of the House and Senate on this issue. The solution depends on cooperation and commitment, and I believe a solution is within reach.”

Statement from Chief of Staff Bill Renick:

“We’re disappointed with the results of today’s meeting, but we will not stop working. Governor Musgrove presented a solution to the issues facing Medicaid and the 650,000 Mississippians who depend on it for their health care needs, and the plan is gaining support among individual members. We are calling on the Senate leadership to return to the table and work with us, to make Medicaid work for the people of Mississippi.”
