

MEMORANDUM

December 17, 2002

TO: Governor
FROM: John
RE: State of the State (1st draft)

I have shared this draft with Bill and Phillip for their initial input. There are some areas where I am still pulling together information, such as health care and corrections (I put corrections in to recognize Chris Epps).

The language regarding the Kindergarten-Plus program was put in at Phillip's request. If it remains in the speech, it won't be as written; those paragraphs were pulled from a memo prepared by Kelly on the issue and I put them in as seed language.
