RE: Possible article in Delta Business Journal

Scott Coopwood called me to say he had talked with the governor about doing a cover story on him for the January issue of the Delta Business Journal. Coopwood wants to do a Q&A type of story, with a 500-word lead-in. We can write the lead-in, and we should also have control over the questions.

Do you want me to talk more with Scott about doing this? What are your thoughts?
