

**MEMORANDUM**

November 25, 2002

TO: Governor

FROM: John

RE: Continental Carbonic Groundbreaking, Brookhaven

You will be speaking at the groundbreaking for Continental Carbonic. They are investing \$10 million in an 18,000 square foot facility in the Brookhaven Industrial Park. They will create 45 new jobs at the start, and are scheduled to be up and running next April.

The company is a manufacturer and marketer of dry ice. They manufacture dry ice at five facilities, and sell from 20 locations. Primary customers include food processors, meat and poultry packers, wholesale food distributors, in-flight caterers and dry-ice blasting.

The attached agenda is for your review. Mark Hatton is the VP of manufacturing for Continental Carbonic.
