RE: Mississippi Credit Union System Annual Meeting

Remarks are attached. Lisa wanted to stick with the message of education and jobs, but I have added some more language regarding credit unions. I'm also attaching some information I pulled of the Mississippi Credit Union System website, including a news story and a list of the MCUS Board of Directors.

Lisa sent the attached e-mail regarding the veto last year of HB1646 and the similar bill during the fall special session. I have added a copy of your veto message on those bills. I spoke with John Allison, and he said the credit unions would have been affected by this legislation but did not play an active role whatsoever when it was being considered by the Legislature.
