RE: Media request

Tom Wilemon with the Sun-Herald called this morning. He's working on a story about the Governor's appointment of Ted Cain to the State Board of Health. According to Wilemon, Cain owns nursing homes around the state and has had run-ins with the people who regulate nursing homes. Wilemon said this sounds like a case of "the fox guarding the hen house."

I don't know anything about Cain. Can ya'll check this out? Wilemon's number is 228-896-2354.
