RE: Call-in to Natchez radio

Andy Thornhill (this is a woman) from WQNZ in Natchez has requested that you call in to her morning show (her co-host is named Roscoe). This is a country music station, but they are following the war very closely and changing their format to allow for more news coverage through ABC.

Andy asked if you could call in and discuss the homeland security measures being taken by the state. This is a good opportunity to talk about the Guard personnel that have been deployed to the port at Natchez and to Grand Gulf.

You can call anytime between 5:30 a.m. and 10 a.m. The number is 601-445-9500.
