Mr. Grover Carr
1605 – 5th Avenue, South
Columbus, MS 39701

Dear Mr. Carr:

I have always fought for the people of Mississippi. I have dedicated my life to making our state a better place to live for every Mississippian, including unborn Mississippians.

Life is a gift that must be protected. For me, this is not a political Issue, it is a matter of saving lives. We must stand up for those that are not able to stand up for themselves. That is why I have always tried to speak up for those that do not yet have a voice.

I was proud to receive the endorsement of Mississippi Right to Life in 1995 and again this year. I was also proud to be named the Jackson Area Right to Life Pro Lifer of the year.

We have worked together over the past four years to make Mississippi abortion laws among the most stringent in the nation. Partial birth abortions are banned in Mississippi. Parents of minors seeking an abortion must be notified, and we require a waiting period before an abortion can be performed.

As Governor I will lend my full support to protecting the rights of unborn children.

If I can be of further help, please let me know.

Very truly yours,

RONNIE MUSGROVE
