

MEMORANDUM

December 5, 2001

TO: Governor

FROM: John

RE: WAPT

WAPT has invited you to appear on their morning show again, whenever you would like. They wanted to try and have you on sometime before Christmas. Looking at your schedule, I see two good opportunities. The first is Monday, December 10 – the same day you're traveling around with Bob Rohrlack, plus presenting the health care proposal before another group.

The second is already on your calendar as tentative for Friday, December 21. Lee Ann and I discussed that date as a good time to hit all three stations and report on your trip to Bosnia and Korea.

Do you want me to set up a time for Monday, December 10? Yes No
