

MEMORANDUM

October 19, 2001

TO: Governor
FROM: John
RE: Tim Roche / Time magazine

We spoke yesterday about Tim wanting to do an interview with you about the hard questions that state leaders have for the CDC, FBI, and White House regarding the current situation – anthrax scares, security concerns, etc.

I have faxed Tim a copy of the executive order on the incident management system, and have given him some background on it as well as the protocol developed by the agencies this week.

Tim's number is 800-275-0555, extension 225. He should be in his office all afternoon.
