RE: Media calls

Kathy Kiely with USA Today would like to interview re: IDEA funding and education in general. She was referred to us by DGA. Her number is 202-906-8174.

Tiffany Danitz with Stateline wants to interview on the same subjects – IDEA and how underfunding affects Mississippi. Her number is 202-339-6144.

Emily Wagster is going to ask you about the trade mission to Japan at tomorrow morning's press conference. I understand you mentioned it today at the luncheon you attended, and they are looking for a little more information. I just wanted you to know she would be asking about that.

FYI – I will be out of the office Friday. Your remarks for the CIAP event on the coast are done and have been left with Marilyn.
