

- I am extremely disappointed in the Senate's Committee on Veterans & Military Affairs' failure to confirm George Walker as Adjutant General of the Mississippi National Guard.
- George Walker is a man of the utmost integrity and character who shares my commitment and vision of rebuilding and strengthening the Mississippi National Guard.
- The Mississippi National Guard must be strong.
- We must recruit capable young men and women to serve in the guard.
- We must have a National Guard that is ready with the skills necessary to defend our country at a moment's notice.
