Subject: Janice Henry's French Class

Mrs. Henry's beginner's French class sent numerous letters to the Governor as a class project. She inquired as to if the Governor is studying or has ever studied French. Marilyn checked with the Governor and he has never studied French.

I prepared a response for the Governor's signature and forwarded a sample of the students' letters to him for his review.

This case is closed.

Dear Mrs. Henry and Students:

Thank you for your recent letters. Although I have not studied French, I enjoyed reviewing your class project. Your letters contained beautiful artwork, as well as informative comments on your studies. It is always a pleasure to see the product of students' efforts.

Thank you again for sharing your work with me. Good luck to each of you in all of your endeavors.

Very truly yours,

RONNIE MUSGROVE
