Dear Mrs. Deloney:

Please find enclosed the picture of us at the Teacher of the Year Banquet autographed as you requested. I am enclosing 30 copies of my office's educational booklet for students. I hope these materials will prove beneficial in your classroom.

Helen Soule of the Department of Education (601-359-3954) can provide you with information on opportunities for obtaining a computer for your classroom. Her office is handling requests for computers available through my Taskforce for Classroom Technology.

Again, many thanks for your service and commitment to your students. Best of luck in your future endeavors.

Very truly yours,

RONNIE MUSGROVE
