Subject: Alice Daniels: Success Bound Program

Mrs. Daniels contacted the office on March 16 requesting information on the Success Bound Program which the Hinds County School System is implementing. Several parents in the Edwards area are concerned w/ regards to the program's grading system.

I referred the matter to Michael Ellis of MDE. He told me this morning that he provided the requested information, at Mrs. Daniel's request, to Mr. William Brown. I spoke to Mrs. Daniels this afternoon and she was very appreciative of our help.

This case is closed.
