Date: June 14, 2000
Subject: Directions to Governor's Office

I am sending you these directions on behalf of Felicia Gibbs who is out this week following surgery.

From Jackson International Airport to Sillers State Office Building

- Heading **south out of the airport** (the only exit), you will go straight through the round-about and continue south.
- Go **straight through the light** at Hwy 80. (Miskelly Furniture will be on your right at the light.)
- Get in the right lane to turn right onto the entrance ramp (approx. ½ mile from Hwy. 80 light) to **I-20 West**.
- Continue on **I-20 West for approximately 5 miles to I-55 North**. (It will be important for you to stay to the right, as there will be several lanes of traffic from other highways merging onto I-20 shortly before the I-55/I-20 split.)
- Continue on **I-55 North to the High Street Exit**. (Pearl Street is the first exit; High Street will be your second exit.)
- At the bottom of the High Street exit ramp, keep to your right, going under the I-55 overpass. You will be facing west and will see the skyline of downtown.
- **Proceed on High Street through five lights**. (Greymont, ??, Jefferson, North Street, North State Street)
- **At the 6th light**, you will **turn right onto North President**. – The Sillers Building is the 20-story building that sits at the intersection of High Street and North President.
- Take an immediate left (behind the Sillers Building) into the parking lot.
- You may park in any spot that is not reserved. The Governor's Office does have some reserved spots that you may park in located in the southeast corner of the parking lot (the High Street/North President intersection corner of the parking lot), but they are usually full.
- The Governor's Office is located on the 20th floor of the Sillers Building.

It will take you approximately 15-20 minutes to drive from the airport to the Sillers Building.
