Dear Mr. Richardson:

The governor would like to thank you for the copies of your book Dim and Flaring Lamps – America's Story Through Its State Flags. The book was very informative and educational. You did an excellent job in covering all of the historical facts that were in the book. Governor Musgrove is pleased to see that you have a genuine interest in the educational, economic, and political prosperity of our state. I will keep the copies on file for future reference.

Again, much thanks for taking out the time to share this information with the Governor.

Yours truly,

Kelly L. Riley
Policy Liaison
