Hattiesburg, MS 39402

Dear Ms. Carpenter:

Thanks for sharing your suggestion for eliminating subject area testing. Education is a very important issue with Governor Musgrove. Any idea as to how to improve upon the educational success of our students is greatly appreciated. It is especially impressive when it comes from a “veteran” teacher such as your self.

Again, much thanks for sharing your thoughts and concerns with the Governor.

Yours truly,

Kelly L. Riley  
Policy Liaison
