Subject: 21st Century Learning Center Grants

I spoke to Judy Couey (9-5520) of MSDE this morning regarding any insight as to schools planning to submit grant proposals for the 21st Century Community Learning Centers. Judy said that over 200 personnel participated in the 4 regional (Hattiesburg, Jackson, Cleveland and Tupelo) workshops sponsored by MSDE. She said that Mississippi did receive 5 grants last year and she is expecting more this year. She will notify me of any additional information.
