
**OFFICE OF GOVERNOR RONNIE MUSGROVE
INTEROFFICE MEMORANDUM**

TO: JUMPER
FROM: RILEY
SUBJECT: VISIT TO DIVISION OF MEDICAID'S MERIDIAN REGIONAL OFFICE
DATE 6/11/03
CC: MAYO

I gave greetings and congratulations today on the Governor's behalf at Medicaid's recognition ceremony for employees with 15 or more years of service. Bob McMann of Medicaid's regional office in Meridian approached me afterwards and asked me to remind the Governor that he had told McMann he'd visit the Meridian office.

McMann said that the Governor has visited Meridian several times since then and hasn't visited. He said the Governor visited Natchez the next day after he saw McMann in Meridian and he visited the regional office in Natchez. McMann said he thinks a visit from the Governor would really prove to the employees of the regional office that the Governor cares about Medicaid and its employees, especially in an election year.

I'm sending y'all this memo so that we can add the Meridian Medicaid Regional Office to the list of places he needs to hit this summer.

Thanks!
