Washington, DC 20036

Dear Mr. Stempel:

Thank you for your letter of seeking the Governor's support for reducing the Blood Alcohol Content (BAC) to 0.08. Governor Musgrove has actively supported the reducing the BAC limit in Mississippi. In fact as Lt. Governor, Ronnie Musgrove helped pass a "zero-tolerance" for underage drinkers.

During the 2001 Legislative Session, Governor Musgrove will continue his support for lowering the state's BAC limit.
