Your signature is requested on the attached letter that offers your support for the refunding of the Mississippi Head Start Collaboration Office. This letter is necessary because it is time for the refunding of the office and the federal Head Start Office has asked for a letter of support from this office because Governor Fordice's office submitted a letter of support when the Collaborative Office was originally funded. We cited the Head Start Collaborative as an example of one of our early childhood initiatives at our press conference, so I would recommend that you sign the letter.
