Please advise on the following:

1. Jim Clinton has advised me that Kenneth Calvin, Director of MDA's Energy Division has inquired as to his attending the October 4-5 Southern Technology Council meeting here in Jackson. Jim says that it is normal to have a few people from the local community as observers. Calvin also told Jim that there were other MDA staffers that he would like to invite as well. Would you like MDA representatives to attend the meeting?

If the MDA representatives attend the meeting, do you want to invite them to the dinner at the mansion Thursday night if room allows?

(NOTE: Angie Dvorak is to fax us a list of her board members in case you would like to invite any of them to the meeting and/or the dinner.)

2. Angie Dvorak mentioned to you at our meeting with Jim Clinton, the possibility of unveiling the Mississippi Innovation Index at the STC meeting. She said that these indicators mirror those in SGPB's *Invented Here* index and that, as far as she knows, Mississippi is the only state with such already developed indicators.
