Per your request, I contacted Lynn Houston at Hattiesburg High School (601-544-4136 classroom) to explain that the Governor would not be able to meet with her on November 7. I also explained that both you and I have conveyed all of the information from our earlier conversations with her regarding Hattiesburg's Career Symposium that will be broadcast on ETV on November 28. The Governor has already confirmed that he will participate in the symposium. I asked if she still felt it necessary to actually meet with the Governor prior to the symposium and she said yes.

Houston said that she needs to meet with the Governor prior to the symposium for the following reasons:

- She needs to have a photo taken with the Governor for promotional purposes (Hattiesburg tv and print media). Due to promotional time involved, she said that a meeting in early November would be good in order to get the picture publicized.
- She wants to cover the topics that will be discussed on Nov. 28 to ensure that the Governor has a clear understanding of the symposium.
- She wants to make sure that she knows the limit to the questions that students may pose to the Governor so that she can accurately inform Hattiesburg students.

She is almost adamant that she meet with him prior to the symposium. I explained that the Governor's schedule is quite tight, but that you and I would convey this information to the Governor and one of us would be calling her back.
