*This memo is for informational purposes only.*

David Sheppard asked me to let you know that the Association's work is going quite well in Amite County and they are scheduled to start working with Quitman County schools next week. You'll remember that the Association volunteered to work, via teams of retired superintendents, with these 2 districts in hopes of preventing the districts' being taken over by the state due to overall operations.

David said that they are going to be recommending almost a complete overhaul of policies, procedures and operations in Amite County. They are scheduled to submit their plan to the Amite County School Board within the next few weeks.

David mentioned that he expects the Association will be doing a lot more of this consulting as NCLB rolls out and is fully implemented.
