

DRAFT CIAP Talking Points

- DEQ is the lead agency. Charles Chisolm will work closely with all state agencies and stakeholders to ensure proper plan development.
- DEQ is in the process of developing a process to hold public hearing and provide for public comment prior to the July 1st deadline.
- Some the funds in CIAP can be used for watershed protections that involves more than the three coastal counties.
- Sources in Washington say that we can expect approximately \$24 million for CIAP. This funding in one-time money with no assurance of funding during the next cycle.
- The priorities identified in the public hearings and through discussions with stakeholders will serve as the basis for the state's plan.

These are drafts. Just ideas.
