

SENATE BILL 2551

BILL RENICK/COMMENTS

This bill removes language that was unclear to some D.A's. Some thought for example that this statute did not apply to bad checks written for rent. The language removed was "for the purpose of obtaining money, services or any article of value, or for the purpose of satisfying a pre-existing debt or making a payment on a past due account or accounts,"

This bill passed the House 121-0

This bill passed the Senate 52-0

I recommend you sign the bill. Good for business community
