

SENATE BILL 2419

BILL RENICK/COMMENTS

This is the Phil Bryant bill. I really think this bill is pretty silly. It instructs a judge on a mandatory sentence with a \$10,000.00 threshold. If you steal or misappropriate \$9,999.99 then the judge has discretion under the present law.

The House passed the bill 121-0

The Senate passed the bill 52-0

I guess we should pick our fights and this is not one of them. Not signing would be “**soft on crime**”.

Silly but signable.
