Message: Dear Governor,

My name is Kathleen Leftwich and I am 15 years old. I met you at the National Guard's meeting in Tunica, MS at the Grand's Civic Center. I was told that I should try and contact you because I had a lot of questions for you about being a politician and about your views. I also, if I agree with your views, would like to help in your re-election. One issue that is close to my heart is the death penalty. Do you agree or disagree with it? It is a complicated inquiry. I have decided that in my career in politics that my goal is to abolish the death penalty in all states. I have written a paper on my beliefs and the reason for those beliefs. I would like you to read it, but I also understand that you are an important man with little time to spare. If you have the time I would love for you to write me back and give me your fax number so that I may fax it to you. I believe that you will want to hear my opinion and even if you don't I will press on with my goal as much as possible!

at this time. This issue will not go away as long as I am here! I also would like to know how you got started, so that I might be able to pursue a career in politics.

Sincerely,
Kathleen Leftwich
