Dear Govenor Musgrove

As a high school geography teacher I am very proud of our school's growing collection of state maps and flags, but one state which is still not represented in our collection is that of the State of Mississippi.

Would you please consider contributing a state map and flag (3 X 6 approx.) to our school's collection?

These kinds of visual aids are excellent teaching and learning tools for our kids and will be used and displayed each time we study about Mississippi, in geography and history.

Your contribution would be greatly appreciated and will be acknowledged in my classroom and in our school's news letters.

Thank you  
Wayne Smith
