LEAKESVILLE AWARDED CAP LOAN FOR PUBLIC IMPROVEMENTS

JACKSON, Miss. – The town of Leakesville was recently awarded a Capital Improvements Revolving (CAP) Loan for \$500,000. The town will be utilizing the funds for sewer system improvements in the area.

“The State of Mississippi is delighted to offer financial support to municipalities and counties as they work to improve the quality of life for our citizens and to build a strong foundation for economic growth throughout our communities,” commented Governor Ronnie Musgrove.

The CAP Loan program is a part of the Community Services Division of the Mississippi Development Authority. Among the division’s goals are assisting communities in analyzing their strengths and weaknesses, involving their leadership in economic development, planning development strategies, strengthening development organizations, and implementing and financing community projects. The Community Services Division also administers other Economic Development grant and loan programs.
