Deadline Approaching for Nominations for Governor's Business and Education Achievement Awards

Jackson, MS – In November 2001, Governor Ronnie Musgrove established the Governor's Business and Education Achievement Awards to recognize leaders in those fields in Mississippi. Today, he encouraged Mississippians to provide nominations for those individuals. The deadline for nominations is January 31, 2002.

“Mississippi is blessed to have great people with great minds, and we want to recognize their efforts in moving our state forward,” Musgrove said. “I want to encourage our citizens to nominate those who they feel have made significant contributions in business and education.”

Awards will be presented for Large Business, Small Business, K-12 Education, and Higher Education. Winners will be recognized at the Mississippi Quality Awards ceremony on April 19, 2002.

For more information, visit Governor Musgrove's website at www.governor.state.ms.us.
