## **Governor Musgrove Presents Community Development Block Grant Funding During Visit to Delta**

(Jackson, MS) – Governor Ronnie Musgrove presented Dr. Lester Newman, president of Mississippi Valley State University, with a \$300,000 check for a Community Development Block Grant (CDBG). Mississippi Valley will use the funding to support their work in assisting small communities in the Delta with economic development.

“When we talk about economic development in Mississippi, we’re talking about economic development for every town in Mississippi, regardless of size,” Musgrove said. “Mississippi Valley will play a strong role in supporting these efforts in the Delta.”
